# Jetliner Crash Kills 58 In Louisiana

TEARS AND SMILES are apparent as Seaman 2C. Joseph Cascio, 20, and his family get together with his parents, Mr. and Mrs. Anthony Cascio, at John F. Kennedy Airport in New York. The sailor, his wife, Patricia, 19, and six-month-old daughter, who flew to New York from Atlanta, Ga., had been scheduled to take the Eastern Jet that crashed after takeoff from New Orleans.

NEW ORLEANS (AP) — An Eastern Air Lines four-engine jetliner carrying 58 persons on a flight from Mexico City to New York disappeared minutes after takeoff from a New Orleans stop today and crashed in Lake Pontchartrain. There were no signs of survivors.

The Coast Guard said it recovered parts of a large aircraft, including seats, communication equipment and soundproofing.

Also recovered were clothing, luggage and what was described as parts of bodies.

The Coast Guard said one of its helicopter pilots over the wreckage area reported there were indications that the plane either exploded in the air or on impact. The debris was scattered over a wide area.

The spokesman said the site is about six miles south of the north shore of the lake, or some 20 miles north of New Orleans. It was about four miles east of the 27-mile long Lake Pontchartrain causeway connecting the north and south shores.

Eastern said the plane carried 51 passengers and a crew of 7. At least 32 of the passengers were making the through trip and at least 17 boarded in New Orleans. Fourteen were pass-riding Eastern employes.

Eastern said the DC8, Flight 304, left New Orleans International Airport for Atlanta at 2:01 a.m. (CST) and disappeared from air traffic control radar screens minutes later. That was the last contact with it.

A veteran Eastern pilot said the jet probably reached a height of some 16,000 feet shortly after it got over the lake.

Lake Pontchartrain is some 30 miles in diameter, with its southern shore along one side of New Orleans. Marshy land surrounds much of the lake, which has an average depth of about 15 feet.

At the time the plane took off from New Orleans, the visibility was good. There was a light rain over the area. Winds were calm.

The Eastern spokesman said the plane made routine checks after takeoff and vanished from radar with no alarm given and no hint of trouble.

It was the first major crash involving an airliner taking off on a scheduled flight from New Orleans International Airport.

## U.N. Slates More Talks On Cyprus

### To Evaluate Thant's Peacemaking Bid; Deadlock Exists

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council scheduled more Cyprus debate today as its six nonpermanent members sought to break the deadlock and Cypriot President Makarios threatened to seek a special session of the General Assembly.

The afternoon council meeting was called to evaluate Secretary-General U Thant's private peacemaking efforts in the face of continuing bitter hostility between the island's Greek Cypriot majority and its Turkish Cypriot minority.

The council president, Carlos Alfredo Bernardes of Brazil, said there was no evidence Thant had been able to reach agreement with Cyprus, Britain, Turkey and Greece in a week of talks on his proposals, which include an international peace force for the troubled east Mediterranean island.

The six nonpermanent council members met Monday night and decided to seek a compromise. The six are Bolivia, Brazil, Czechoslovakia, the Ivory Coast, Morocco and Norway.

Moroccan delegate Ahmed Balafrej was expected to put forward a compromise proposal in an address to the council. There was no indication how it would deal with the main issue splitting the five permanent council members — the United States, Britain, the Soviet Union, France and Nationalist China.

That obstacle is the Greek Cypriot government's demand that any Security Council resolution on Cyprus guarantee the island's independence and territorial integrity. The United States and Britain have opposed this.

The Soviet Union has supported the Cypriot government, which wants such a guarantee to override the 1960 treaty giving Britain, Greece and Turkey, as coguarantors of its independence, the right to intervene militarily to prevent any change in the Cypriot constitution.

### Think War Going In Their Favor

## *Marines' Chief Says Reds Stepping Up Viet Attacks*

WASHINGTON (AP)—The nation's top Marine said today the communists in South Viet Nam have stepped up the size and intensity of their attacks because they think the war is developing in their favor.

But Gen. Wallace M. Greene, the new Marine commandant, told The Associated Press he is optimistic about the eventual outcome of the anti-Communist war being waged with heavy U.S. help.

"I am optimistic as long as any outfit wants to fight," Greene said in an exclusive interview.

Greene discussed the war in South Viet Nam in the first question - and - answer interview he has granted since becoming commandant of the 190,000-man Marine Corps last Jan. 1. He looked over the situation on the spot just before the last coup.

The commandant said he was unable to answer questions growing out of a spate of reports that the U.S. government is considering moves to carry the anti-Communist war behind North Vietnamese lines.

Q—General, you were out in South Viet Nam shortly after you became commandant and in between the coups. On the basis of what you saw and learned out there, how would you assess the military situation in Viet Nam today?

A—Anything I could say would be based on the impressions of a short stay in South Viet Nam. However, I had the opportunity during this brief period of going from one end of the country to the other.

I had the opportunity to look at the latest plans for the campaign in that country. In my opinion they are very sound from a military point of view.

I reached a very definite conclusion that there were plenty of supplies—ammunition, weapons, and other means—on hand to accomplish the plan.

I had a chance to see the officers and men—both Vietnamese and their American advisers — in the battalions and companies and other units. I thought they were highly competent, that they wanted to fight.

I also came away with the feeling that this is a long-time business, and we aren't going to win the fight overnight.

Q—What was your impression of Maj. Gen. Nguyen Khanh, the new Vietnamese premier?

A—The general is a highly competent soldier, well educated both in military and cultural matters—a man who knew the problems in his corps area, and had definite plans and positive intentions of carrying them out.

## Belli Eyes Appeal To High Court

### Defense Declares Intent To Further Hearing At Dallas

DALLAS (AP) — The fourth juror was selected today for the murder trial of Jack Ruby in Dallas.

He is Luther E. Dickerson, 27, a vice president of a chemical firm.

He testified that he did not see either the original or any reruns of the televised scene in which Ruby shot Lee Harvey Oswald.

The defense contends that anyone who saw the killing on television is ineligible to sit on the jury judging Ruby.

His lawyers also asked, in a petition taken Monday to the Texas Supreme Court, "Is an individual who watches an alleged crime on television competent to testify as a witness?"

Ruby shot Oswald, a self-styled Marxist, on Nov. 24, and has been charged with murder with malice. Oswald was accused of the assassination of President John F. Kennedy in Dallas, Nov. 22.

The trial is in the second week of jury-picking. Two men and a woman have been accepted as jurors out of 61 examined.

The third was an attractive, dark-haired mother of six children, Mildred McCollum, selected Monday. She is a secretary and her husband is a machinist. Since some of her children are under 16 years old, she could have claimed exemption from jury duty.

During questioning by defense lawyers, Mrs. McCollum, 40, said she knew this. She was not asked why she chose not to claim the privilege.

Dist. Judge Joe B. Brown ruled last week that persons who saw the televised shooting of Oswald are eligible to sit on the jury. He also balked defense efforts to subpoena as witnesses persons who said they saw the scene.

### Farm, Civil Rights Measures

## *Democrats Offer Johnson Chance Involving 2 Bills*

WASHINGTON (AP) — Democratic leaders offered President Johnson today a chance for congressional action on a farm bill in exchange for what they believe would be a brief delay in taking up civil rights legislation.

A presidential go-ahead would signal an effort in the Senate, probably Wednesday, to call up the House-passed civil rights measure and put it in temporary storage while a wheat-cotton bill is debated.

This would delay the start of an expected lengthy civil rights filibuster until about March 2.

Awaiting expected House approval, the Senate was ready today for its final action that would send the $11.5 billion tax reduction bill to Johnson.

Johnson has been pushing hard for early action on civil rights. But party leaders invited to confer with him on legislative matters indicated they believe he may find it important to try to get a farm bill before the planting season starts March 1.

Wrapped up in controversial bill, on which Republicans thus far have blocked Senate action, is aid for the cotton textile industry and assistance for wheat growers.

Southern Democrats who oppose Johnson on civil rights but have been advocating support of him on other issues, are pressing strongly for action on the wheat-cotton bill.

Democratic senators from the wheat belt — and Republicans from the same areas—are saying privately that their reelection may well turn on the approval or rejection of the bill.

Johnson, courting presidential election support in both geographical sections, had an undeniable political interest in the cotton - wheat bill's fate. Sponsors said it would be ineffective for this election year's crops if its passage was delayed beyond March 1.

### Weir High Label Retained

## Hancock Board Rejects Kennedy Name For Gym

A proposal by a Weirton organization that the gymnasium of the new high school there be named for the late President Kennedy was rejected by unanimous vote by the Hancock County Board of Education at a meeting Monday night in New Cumberland.

The Kennedy Memorial Fund Association of Weirton asked that the gymnasium at the new campus-styled high school be named "The John F. Kennedy Memorial Fieldhouse."

Voting 5-0, the board rejected the proposal in favor of continuing the same name as the old plant, Weir High School. The Red Riders have been playing home games at the Weirton Community Center.

Supt. Robert H. Hall, commenting on the board's action, said members feel that there will be enough memorials to the late president without naming the Weir plant for him.

In other action, the board approved a request by the Weirton Dental Society which asked to distribute literature on Dental Health Week in county schools.

The board approved use of seven Weirton schools for use as polling sites in the May 12 primary in acting on a request of Hancock County Commissioner James Finley of Weirton.

The state fire marshal's report was read and accepted. It revealed the board had complied with 18 of 21 recommendations, but Supt. Hall pointed out two corrections were overlooked in the investigation. The fire marshal also recommended eight new items, citing three principals for failure to meet fire drill requirements. The inspector visited 14 schools, comprising 21 buildings.

The board was advised by letter that the State Legislature is discontinuing the legislative teacher training scholarship program, in which the county selected one graduate each year to train for the teaching profession under a $500 scholarship. The appointee was required to study four years or repay the loan. Supt. Hall explained the appropriation for 1964-65 is large enough to continue payment of the scholarships granted previously.

C. Dayton King of Weirton was hired as a building custodian. Mrs. William Owings of Pughtown was given a leave of absence.

The board also acted on various requests by principals.

George LaNeve of Wells Junior High in Newell and Mrs. Thelma Daugherty of Weirton were authorized to attend the Classroom Teachers Association spring meeting April 2-3 in Wheeling.

Miss June Zakutansky and Carl Hamill were authorized to attend the national convention

### Hearing Reset For 2 On Robbery Charges

A hearing scheduled Monday for two district brothers in connection with a 1963 robbery near Negley was postponed until Thursday by County Judge Herbert Arfman at East Palestine.

James Davis, 26, of Substation Rd. and Sanford Davis, 43, of Smiths Ferry are free on $1,000 bond each on charges of armed robbery of Miss Ida Ward and Miss Leoma Ward of near Negley.

The sheriff's department today clarified an earlier report which indicated the men were taken into custody at their homes for a lineup at the County Jail Thursday.

The department said the men agreed to come to the jail for the lineup. Bond was set by Judge Herbert Arfman Friday by telephone, the department said, explaining the men did not appear before him.

## *Singer Says He Knew Of Kidnap Plot*

LOS ANGELES (AP) — A rock'n' roll singer has electrified a federal courtroom by testifying he knew about the Frank Sinatra Jr. kidnap scheme about two months before it was carried out.

Earlier Monday Dean Torrence, 23, denied advance knowledge of the plot — and thereby, the judge said, committed perjury.

In his later version Torrence said defendant Barry Keenan told him of the plan in October and, three days after the alleged abduction, gave him about $25,000. But, he said, he gave it back.

In his first appearance Torrence, known for his hit record "Surf City," said he had considered Keenan his best friend for six years.

He said he had lent him money "so he could eat," adding that Keenan owed him $1,200.

He denied the money was to finance a kidnaping and that he knew of any such plan. He was excused as a witness.

In the afternoon Asst. U.S. Atty. Thomas R. Sheridan recalled him and Torrence said:

"I'm afraid I made up some stories. I did know about the so-called kidnaping and I did get some money and I gave it back."

U.S. Dist. Judge William G. East said Torrence had committed perjury and that "the matter, of course, will have to be dealt with."

### Greece's King, Queen Reported Improving

ATHENS, Greece (AP)—Both King Paul, 63, and Queen Frederika of Greece were reported improved today. The king left his bed for the first time since undergoing surgery for a stomach ulcer Friday.

The queen, 46, came down with pneumonia Monday after keeping a constant watch at her husband's bedside.

### Percy Willison Files For Chester Council

Percy Willison of Pyramus St., former Chester councilman, filed Monday as a Republican candidate for Fifth Ward councilman in the city's April 7 primary election.

Willison, 67, a barber, served 21 consecutive years in the Fifth Ward until about 1956 when he became road supervisor for the West Virginia Road Commission for Hancock County for two years.

He is a member of the Chester Masonic Lodge, American Legion Post 121 and First Christian Church. He is married and has a son and daughter.

### 'Peyton' Author Dies In Hospital At Boston

BOSTON (AP)—Grace Metalious, author of the controversial novel, "Peyton Place," died today at Boston's Beth Israel Hospital. She was 38 years old.

A spokesman for the hospital said death was caused by a chronic liver disease.

## Investigation Of Baker Hits Climax Today

### May Be Fireworks As Public Hearing Gets Under Way

**BULLETIN**

**WASHINGTON (AP) — Bobby Baker refused to testify today what his duties were as secretary to the Senate's Democratic majority and was immediately told this might result in his being cited for contempt of Congress.**

WASHINGTON (AP)—The investigation of Bobby Baker reaches a climax today as the onetime page boy who became a big dealer faces his old Senate associates at a public hearing.

There may be fireworks. Baker has served notice he intends to decline to answer the Rules Committee's questions on constitutional grounds. The committee has warned him he may be in contempt of Congress if he does refuse.

The senators have been assigned the mission of learning whether Baker was involved in conflict of interest in amassing a claimed $2 million fortune on paper while serving as secretary to the Senate's Democratic majority.

### Midland Board Lets $35,679 Of Contracts

The Midland Board of Education, at a special meeting Monday evening, awarded contracts totaling $35,679 for construction and equipping of a new science department at the high school.

A $11,470 contract for the general construction was awarded to Modany & Son of Industry, while the American Seating Co. of Philadelphia was awarded a $24,209 contract for the equipment.

Construction is to begin immediately after the close of school in June and is to be completed by Aug. 15. Next regular meeting will be March 9.

## *Contracts Let On Project At County Home*

LISBON — Contracts totaling $366,340 were awarded by county commissioners Monday for construction of a new nursing home unit at the County Home and the project was scheduled to get under way March 16.

General contractor is the Riley Construction Co. of Alliance on its low bid of $224,316.

Other contracts went to: Briggs-Jones, Inc., of Youngstown, tile floor, $3,458; Supreme Fixture & Manufacturing Co. of Cleveland, kitchen equipment, $15,990; Riffle Plumbing & Heating Co., Salem, plumbing, $34,136; Ellyson Plumbing & Heating Co., Salem, heating and ventilating, $48,000, and Firestone Electric Co., Salem, electrical work, $39,740.

The commissioners acted after receiving approval of the bids under the Federal Accelerated Public Works Program, which will furnish aid for the project.

Commissioners also approved use of bricks in the construction furnished by the Salem Concrete & Supply Co. and manufactured by the Belden Brick Co. of Canton.

Commissioners approved payment of $60.80 to Edwin C. Copeland of Hanoverton R. D. 1 for three sheep allegedly destroyed by dogs. The money will be paid out of the dog and kennel fund, which is derived from sale of dog licenses.

Commissioners also signed a new electrical rate agreement for the Courthouse with the Ohio Edison Co., explaining it is expected to save the county $500 a year.

Robert Edwards of Lisbon was hired to drive a bus to the Retarded Children's School at Elkton, succeeding Kenneth Moore of Elkton, who resigned.

The commissioners set March 4 as the date on which bids will be opened for purchase of a new cruiser for the sheriff's department. Bids will be taken on 1964 Chevrolets and Fords. Specifications are available at the Courthouse.

Next meeting will be Thursday from 10 a. m. to 4 p. m.

## Truck Veers Across Line, Striking Auto

### Mishap In East End Hurts Local Couple And Young Driver

Three persons were injured in a crash early Monday afternoon in the East End in which one motorist was about 28 inches across the center line, police reported.

Injured in the collision on Pennsylvania Ave., about 120 feet east of Palissey St., were Guy R. Krentler, 65, of 1060 Avondale St.; his wife, Mrs. Martha Krentler, 60, and John William Rutledge, 18, of Mechanicstown R. D. 1.

Mrs. Krentler was treated at City Hospital for lacerations of the forehead, contusions of the left forearm and abrasions of the knees. Her husband suffered a fractured right thumb and contusions of the left knee. Rutledge was examined and released.

Rutledge told police he was headed east in a farm panel truck owned by Albin Grohar of Salineville when a box of flowers fell over. When he glanced around to see what had fallen, the truck crossed over the center line and hit Krentler's westbound car. The accident was timed at 1:48 p. m.

Both drivers were traveling between 20-25 miles an hour.

### Colder Weather Due With Snow Flurries

Willie Woodchuck may have been right when he decided to return to hibernation Feb. 2, predicting six more weeks of real winter weather.

The sub-freezing weather is slated to grow colder and there will be snow flurries again tonight and Wednesday. In fact, some sections of Ohio are due for light snow this afternoon before falling temperatures convert it to flurries.

The mercury fell to a bone-chilling 13 this morning downtown and the low range tonight will be 12 to 18. Tomorrow will be colder.

## *Hoffa Slated To Testify At Trial Today*

CHATTANOOGA, Tenn. (AP)—Teamsters President James R. Hoffa planned to testify at his trial today, climaxing the case for the defense.

Hoffa, who is charged with attempted jury-tampering, said it wouldn't take him long to tell his story.

Much of his testimony was expected to be aimed at Edward Grady Partin, a Baton Rouge, La., Teamsters official who was the government's chief witness. Partin's testimony linked Hoffa's name to alleged attempts to fix the jury in Hoffa's 1962 conspiracy trial at Nashville.

That trial, in which Hoffa was charged with accepting payoffs from a Michigan trucking firm, ended in a mistrial with the jury deadlocked 7-5 for acquittal.

Five other men on trial with Hoffa told their stories last week. All denied government charges that they were involved in attempts to reach at least three members of the Nashville jury.

The commandant said he was unable to answer questions growing out of a spate of reports that the U.S. government is considering moves to carry the anti-Communist war behind North Vietnamese lines.

Q—General, you were out in South Viet Nam shortly after you became commandant and in between the coups. On the basis of what you saw and learned out there, how would you assess the military situation in Viet Nam today?

A—Anything I could say would be based on the impressions of a short stay in South Viet Nam. However, I had the opportunity during this brief period of going from one end of the country to the other.

I had the opportunity to look at the latest plans for the campaign in that country. In my opinion they are very sound from a military point of view.

I reached a very definite conclusion that there were plenty of supplies—ammunition, weapons, and other means—on hand to accomplish the plan.

I had a chance to see the officers and men—both Vietnamese and their American advisers — in the battalions and companies and other units. I thought they were highly competent, that they wanted to fight.

I also came away with the feeling that this is a long-time business, and we aren't going to win the fight overnight.

Q—What was your impression of Maj. Gen. Nguyen Khanh, the new Vietnamese premier?

A—The general is a highly competent soldier, well educated both in military and cultural matters—a man who knew the problems in his corps area, and had definite plans and positive intentions of carrying them out.

## Belli Eyes Appeal To High Court

### Defense Declares Intent To Further Hearing At Dallas

DALLAS (AP) — The fourth juror was selected today for the murder trial of Jack Ruby in Dallas.

He is Luther E. Dickerson, 27, a vice president of a chemical firm.

He testified that he did not see either the original or any reruns of the televised scene in which Ruby shot Lee Harvey Oswald.

The defense contends that anyone who saw the killing on television is ineligible to sit on the jury judging Ruby.

His lawyers also asked, in a petition taken Monday to the Texas Supreme Court, "Is an individual who watches an alleged crime on television competent to testify as a witness?"

Ruby shot Oswald, a self-styled Marxist, on Nov. 24, and has been charged with murder with malice. Oswald was accused of the assassination of President John F. Kennedy in Dallas, Nov. 22.

The trial is in the second week of jury-picking. Two men and a woman have been accepted as jurors out of 61 examined.

The third was an attractive, dark-haired mother of six children, Mildred McCollum, selected Monday. She is a secretary and her husband is a machinist. Since some of her children are under 16 years old, she could have claimed exemption from jury duty.

During questioning by defense lawyers, Mrs. McCollum, 40, said she knew this. She was not asked why she chose not to claim the privilege.

Dist. Judge Joe B. Brown ruled last week that persons who saw the televised shooting of Oswald are eligible to sit on the jury. He also balked defense efforts to subpoena as witnesses persons who said they saw the scene.

## Investigation Of Baker Hits Climax Today

### May Be Fireworks As Public Hearing Gets Under Way

**BULLETIN**

**WASHINGTON (AP) — Bobby Baker refused to testify today what his duties were as secretary to the Senate's Democratic majority and was immediately told this might result in his being cited for contempt of Congress.**

WASHINGTON (AP)—The investigation of Bobby Baker reaches a climax today as the onetime page boy who became a big dealer faces his old Senate associates at a public hearing.

There may be fireworks. Baker has served notice he intends to decline to answer the Rules Committee's questions on constitutional grounds. The committee has warned him he may be in contempt of Congress if he does refuse.

The senators have been assigned the mission of learning whether Baker was involved in conflict of interest in amassing a claimed $2 million fortune on paper while serving as secretary to the Senate's Democratic majority.

### Midland Board Lets $35,679 Of Contracts

The Midland Board of Education, at a special meeting Monday evening, awarded contracts totaling $35,679 for construction and equipping of a new science department at the high school.

A $11,470 contract for the general construction was awarded to Modany & Son of Industry, while the American Seating Co. of Philadelphia was awarded a $24,209 contract for the equipment.

Construction is to begin immediately after the close of school in June and is to be completed by Aug. 15. Next regular meeting will be March 9.

## *Contracts Let On Project At County Home*

LISBON — Contracts totaling $366,340 were awarded by county commissioners Monday for construction of a new nursing home unit at the County Home and the project was scheduled to get under way March 16.

General contractor is the Riley Construction Co. of Alliance on its low bid of $224,316.

Other contracts went to: Briggs-Jones, Inc., of Youngstown, tile floor, $3,458; Supreme Fixture & Manufacturing Co. of Cleveland, kitchen equipment, $15,990; Riffle Plumbing & Heating Co., Salem, plumbing, $34,136; Ellyson Plumbing & Heating Co., Salem, heating and ventilating, $48,000, and Firestone Electric Co., Salem, electrical work, $39,740.

The commissioners acted after receiving approval of the bids under the Federal Accelerated Public Works Program, which will furnish aid for the project.

Commissioners also approved use of bricks in the construction furnished by the Salem Concrete & Supply Co. and manufactured by the Belden Brick Co. of Canton.

Commissioners approved payment of $60.80 to Edwin C. Copeland of Hanoverton R. D. 1 for three sheep allegedly destroyed by dogs. The money will be paid out of the dog and kennel fund, which is derived from sale of dog licenses.

Commissioners also signed a new electrical rate agreement for the Courthouse with the Ohio Edison Co., explaining it is expected to save the county $500 a year.

Robert Edwards of Lisbon was hired to drive a bus to the Retarded Children's School at Elkton, succeeding Kenneth Moore of Elkton, who resigned.

The commissioners set March 4 as the date on which bids will be opened for purchase of a new cruiser for the sheriff's department. Bids will be taken on 1964 Chevrolets and Fords. Specifications are available at the Courthouse.

Next meeting will be Thursday from 10 a. m. to 4 p. m.

## Truck Veers Across Line, Striking Auto

### Mishap In East End Hurts Local Couple And Young Driver

Three persons were injured in a crash early Monday afternoon in the East End in which one motorist was about 28 inches across the center line, police reported.

Injured in the collision on Pennsylvania Ave., about 120 feet east of Palissey St., were Guy R. Krentler, 65, of 1060 Avondale St.; his wife, Mrs. Martha Krentler, 60, and John William Rutledge, 18, of Mechanicstown R. D. 1.

Mrs. Krentler was treated at City Hospital for lacerations of the forehead, contusions of the left forearm and abrasions of the knees. Her husband suffered a fractured right thumb and contusions of the left knee. Rutledge was examined and released.

Rutledge told police he was headed east in a farm panel truck owned by Albin Grohar of Salineville when a box of flowers fell over. When he glanced around to see what had fallen, the truck crossed over the center line and hit Krentler's westbound car. The accident was timed at 1:48 p. m.

Both drivers were traveling between 20-25 miles an hour.

### Colder Weather Due With Snow Flurries

Willie Woodchuck may have been right when he decided to return to hibernation Feb. 2, predicting six more weeks of real winter weather.

The sub-freezing weather is slated to grow colder and there will be snow flurries again tonight and Wednesday. In fact, some sections of Ohio are due for light snow this afternoon before falling temperatures convert it to flurries.

The mercury fell to a bone-chilling 13 this morning downtown and the low range tonight will be 12 to 18. Tomorrow will be colder.

## *Hoffa Slated To Testify At Trial Today*

CHATTANOOGA, Tenn. (AP)—Teamsters President James R. Hoffa planned to testify at his trial today, climaxing the case for the defense.

Hoffa, who is charged with attempted jury-tampering, said it wouldn't take him long to tell his story.

Much of his testimony was expected to be aimed at Edward Grady Partin, a Baton Rouge, La., Teamsters official who was the government's chief witness. Partin's testimony linked Hoffa's name to alleged attempts to fix the jury in Hoffa's 1962 conspiracy trial at Nashville.

That trial, in which Hoffa was charged with accepting payoffs from a Michigan trucking firm, ended in a mistrial with the jury deadlocked 7-5 for acquittal.

Five other men on trial with Hoffa told their stories last week. All denied government charges that they were involved in attempts to reach at least three members of the Nashville jury.

# Dance Slated By GOP Club

The drive for new members during February was reviewed, and plans outlined for a "Primary Candidate Dance" at a meeting of the membership committee of the Hancock County Young Republican's Club Monday night at the Pine Glen restaurant in New Cumberland.

David Wern of Pughtown, membership drive chairman, urged greater efforts by the club in the bid to enroll 100 members, with the campaign to end Saturday.

Charles Sole of Weirton, president, named committees for the dance to be held April 18 in the display room of Newell Central Service.

They include: tickets — Basil J. Mangano, Newell; Mrs. Ruth Cox Turner, Chester; Sole, Weirton; Robert Wern, Pughtown, and Kenneth Greathouse, New Cumberland; refreshments — Mrs. Alberta Hindman, Mrs. Beverly Wern, Mrs. Katie Sole, Mrs. Peggy Mangano and Mrs. Myra Tunanidis; entertainment — Mrs. Turner, David Wern and Richard Johnson, and reception — county candidates in the May 12 primary.

Prizes will be awarded at the dance, it was announced. The club will meet March 9 at Chester City Hall to prepare further plans for the dance.

# Legion Gives $40 For Oak Glen's Forensic Group

A contribution of $40 for the Oak Glen High School forensic team was authorized by the Chester American Legion Post 121 Monday night.

The team plans to participate in a statewide competition in April.

Plans were made for purchasing, in co-operation with Chester VFW Post 6450, two safety gates for the school crossing at Carolina Ave. and 6th St.

The post also approved plans to underwrite expenses for five boys from Oak Glen High School to the annual Boys State at Jacksons Mill in June. A team in the Little League program will again be sponsored by the post.

John Corcoran, adjutant, reported membership at 444 — six short of the quota.

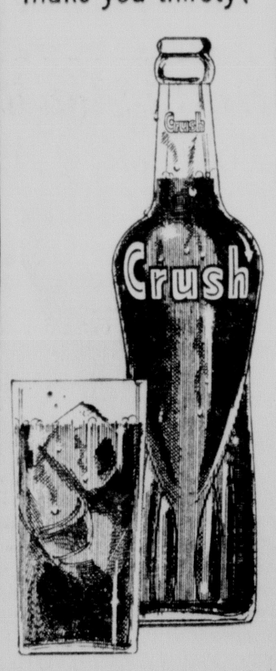

He presented membership awards to Harry Huff, Dwight Allison, Stanley Smusz, Charles Morris, Wayne Pallard, John Merriman, Willis Friley, Dale Allison, Elvet Finley, Oris Cundiff, John Strum and Leland Huff.

William Mountjoy, commander, presided. Refreshments were served by Ed Huff and Strum.

## DARKNESS AT NOON

Before setting forth on the tragic road to Calvary, Jesus warned His followers of the dark and forbidding future.

He foretold the destruction of the temple and the fall of Jerusalem, only 40 years thence. He warned them that they would be hated and persecuted and eventually martyred for their beliefs. But for those who persevered, He promised life everlasting.

Finally, in some of the grandest and grimmest sentences in all literature, He foretold the end of the world:

"The sun shall be darkened and the moon shall not give her light, and the stars of heaven shall fall, and the powers that are in heaven shall be shaken. And then shall they see the Son of Man coming in the clouds with great power and glory." (Mark XIV:24-26) 2-25

# Western Beaver High Society Will Give Play Friday Night

The National Thespian Society of Western Beaver High School will present the play, "You Can't Take It With You," (Hart and Kaufman), Friday evening at 8 at the high school cafetorium in Industry.

Grandpa Sycamore, played by Judson Herter, and his brood of children and grandchildren, go about outwitting tax collectors, big business and the FBI.

The zany members of the family pursue their established hobbies, including manufacturing of fireworks in the basement, setting up a printing press in the livingroom and catching flies for feeding the snakes which reside on the buffet.

The plot unfolds as Alice, played by Sandy Johnson, falls in love with Tony Kirby, played by Jay Mesko, and he brings his socialite family to dinner on the wrong night.

Other members of the cast are Patricia Powell, Anita Daniels, Leanne Herter, Ken Stephen, Dave Robbins, Dave Bomar, Jim Brucker, Cedric McClinton, Nick Arlov, Rosemarie Suchanec, Jerry Miller, Joanne Siranovich, Richard Stephens, Pat Lacey, Chip Newcomb and Tina Rakas.

The play is under the direction of Janet S. Hickey with Patti K. Davis and Cassie Tepsic student directors.

# Instruction Held By Newell IOOF

A school of instruction was conducted by John R. Groves of Dunbar, grand warden, at a meeting of Clark Odd Fellows Lodge 447 Monday night at the IOOF Hall in Newell.

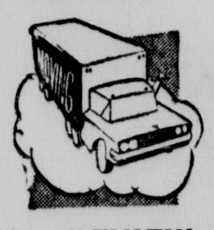

Groves is slated to become grand master in two years. His wife, Dorothy, is president of the Rebekah Assembly of West Virginia. Dunbar is a suburb of Charleston.

Four visitors from the Chester lodge served lunch. About 20 attended.

A delegation from Newell will visit Colliers tonight, accompanying a candidate for the third degree. Those attending are to assemble at the lodge hall at 6:45.

# Police Radio Contract Let

The Wellsville Board of Control has awarded a contract to a Youngstown man for the purchase of police and fire department radio sets.

The contract went to Chad Todd, representative of the Motorola Corp., whose bid for the installation of new sets for both departments was $5,833. This was the low bid, according to Safety - Service Director Fred Baldasare.

The other bidder was General Electric. The bids were opened in December.

Both departments are to operate on separate channels. The conversion was ordered for all departments across the nation last fall.

Wellsville's departments went off the air for a brief period when the regular licenses expired. An extension was obtained by Mayor William Daugherty.

The contract was not awarded at that time as no funds were available, the director said.

Wellsville Council passed legislation at its last meeting to appropriate $3,000 each from the general fund and parking meter fund to pay for the units.

# Reunion Group Seeks Addresses

A committee planning for a reunion of the Class of 1948 of East Liverpool High School announced letters have been mailed to almost all the members, informing them of the proposed event. The committee said the addresses of 19 members have not been obtained.

They are Lois Bush, Lucy Caparuolo, Marie Dalrymple, Paul Emerson, Don Flanagan, Lawrence Forehlick, Ruth Hadley, Susie Jackson, William L. Jackson, John Laughlin, William McBride, John Prosser, Charles Race, Bernice Ralston, Nolajean Rankin, Mary Jane Roush, Harry Russell, Clarence Shenton and Helen Swift.

Anyone with information as to their whereabouts may contact Mrs. Mary Lou Arcuragi at FU. 5-4399.

The reunion is being planned for this summer. Three tentative dates have been set. Class members will vote on their preference.

# Dance Group Chosen In Atlantic City Show

Twenty-two students of Ronnie Boston's East Liverpool Dance College have been selected to appear in the Children's Theatre "Stars of Tomorrow" July 26 on the Steel Pier at Atlantic City.

The group went to Atlantic City over the weekend by chartered bus, accompanied by 13 parents, to audition for the one-week performance.

The children, 7 to 14, include Carolyn Bell, Vicki Dawson, Karen Fullerton, Debbie Habenicht, Kathy Hancock, Mary Lisle, Kay Russell, Beth Ann and Susan Sevy, Fawn Smith, Ralph Smith III, Susan Sommers, Cindy Standley, and Vicki Woomer, all of East Liverpool; Nancy Amos and Shelly Wallace, of Chester, Carol Ancrile and Pam, Patti, and Sarah Muslovski, all of Midland; Adonna Striker of Wellsville and Debbie Williams of Industry.

# *South Viet's Forces Open Major Drive*

SAIGON, Viet Nam (AP) — South Vietnamese forces launched a large operation in the Cambodian border area 120 miles west of Saigon today. Heavy initial contact with the Communist Viet Cong was reported.

Only sketchy reports of the action were available, but it appeared the engagement was the heaviest since the lunar new year holidays last week brought a lull in the fighting.

Meanwhile, the U.S. Embassy is canvassing American officials in South Viet Nam for ideas on how to press the war against the Viet Cong.

Americans attached to the U.S. aid mission and other departments have been sent a circular asking for ideas on: improving tactics and techniques, improving present operating methods, procedures that should be eliminated, organizational improvement, and new ways to harass the Viet Cong.

A U.S. official pointed out that many Americans have served here for long periods.

## Ex-Governor Aspirant Dies In West Virginia

ELKINS (AP) — Elkins attorney Cyrus S. Kump, son of a former West Virginia governor and himself a candidate for the office in 1952, died unexpectedly today.

Kump, 55, became ill at home and his wife drove him to Davis Memorial Hospital about 6:20 a. m. He died on the way. Doctors performed a tracheotomy and heart massage in an unsuccessful attempt to revive him.

He was the son of Herman Guy Kump, West Virginia's 1933-37 governor, who died in 1962.

Officers said Rutledge was approximately 28 inches across the center line.

The three were taken to the hospital by ambulance while Harley Conley, a Crucible Steel Co. policeman, directed traffic and Fireman William Taylor cleaned up the debris.

The entire front end of Krentler's 1955 car was damaged and it probably is a total loss, police said. The right front end and the left front door of the panel truck also were damaged, officers said.

Rutledge pleaded guilty today before Municipal Judge Samuel M. Chertoff on a charge of driving left of center. He was fined $15 and costs.

Two more mishaps were reported Monday.

A collision on E. 5th St. at Crook Alley at 6:02 p. m. involved a 1957 two - door sedan driven by Evelyn G. Christy, 39, of Glenmoor and a 1961 imported compact operated by Gloria Lafferre, 17, of Chester R. D. 1.

The Glenmoor woman was driving west on E. 5th and the Chester area girl was pulling from a parking space, police said.

Two autos also were damaged in a mishap Monday at 3:52 p. m. on Pennsylvania Ave., police said. It involved a 1962 car operated by Phillip Tridico, 31, of 520 Penn Ave., Midland, and a 1954 auto driven by Douglas Williams, 40, of 1173 Erie St. Williams was halted in a line of traffic when his car was bumped from the rear by Tridico's, police said.

Use Boron with Ice-gard for the protection you need against fuel line freeze-up no matter how cold it gets in Ohio!

When you get fuel line freeze-up, you are stuck! Your car will not run! Chances are you have to call for a tow! This can mean a long wait for the tow truck to arrive... *and* a big bill to pay!

Don't get hooked by fuel line freeze-up this winter! Use Boron with its special Ice-gard ingredient! The amount of this Ice-gard ingredient that Sohio puts in Boron is so effective that you are protected against fuel line freeze-up no matter how cold it gets in Ohio. In the past, you may have bought fuel line anti-icers and added them to your gasoline to prevent a frozen fuel line. Or maybe you've gone to the big inconvenience of trying to keep your gas tank full all the time. Both these precautions are completely unnecessary when you use Boron with Ice-gard regularly! Boron with Ice-gard protects you *automatically* against fuel line freeze-up!

When the temperature takes a sudden dip, you want to be sure that you are using a gasoline that gives you the fuel line freeze-up protection you need! Don't take chances! Use Boron with Ice-gard and stop fuel line freeze-up before it stops you!

JUST THIS MUCH ICE CAN STOP YOU COLD! In freezing weather, water condensed from the air in your gas tank can settle in a low point of your fuel line and freeze solid. Gasoline can't get to your engine! You stop cold! The special Ice-gard ingredient in Boron keeps water from freezing. Ice can't form. Boron with Ice-gard flows freely!

Boron with Ice-gard eliminates the need to add anti-icers to your gasoline!

## Only Umpire We Have

Reports of President Johnson's low boiling point have become commonplace. They are as worrisome as reports of his fondness for mingling with crowds, to the consternation of the people responsible for guarding his life.

The President belongs to all the American people, in a real sense. He is their chief executive, their nationally elected official, the leader of their country.

They are worried about his safety when he risks his life in a crowd, particularly in the absence of a suitable vice president. President Johnson owes it to his countrymen to obey all security rules until the government has been given a vice president to back up the president, who may or may not be Lyndon B. Johnson after next November.

His countrymen are equally concerned about Mr. Johnson's propensity for tension. This is not a characteristic he acquired after he took the presidential oath last Nov. 22.

Like Dwight D. Eisenhower, whom he visited during his stay in California, Mr. Johnson's external composure often conceals inner turmoil. He is senstive to criticism. He is quick to fly into a temper. He is anxious to please, annoyed when he fails.

He's an easy ruffler. He gets his hair up. His gorge rises, His fur gets rubbed the wrong way. Things bug him. Worse yet, he bugs himself.

His tensions mount. This is why his countrymen worry. They don't think it's good for a president to let his tensions mount, even though they contribute to it with their own actions.

They like to think of their president as an umpire standing between them and the circumstances of their existence, being buffeted by both yet yielding to neither. The buffeting is part of the game. The umpire must rise above it and be the most composed man on the premises.

Avoid tension, Mr. President — for our sake. You're the only umpire we have until next Election Day.

## Still A Close One

Our sports page associates have been keeping us up to date on the fight between Charles O. Finley, owner of the Kansas City Athletics, and his fellow owners of the American League.

The latest word is that owner Finley, confronted with an ultimatum from his fellow owners, has accepted Kansas City's terms for leasing its municipally owned stadium and will be doing business as usual at the same old stand when the season begins. On the face of it, this could end the fight between owner Finley and other American League owners, who had been objecting to his threats to take the club somewhere else this season, or even to play home games in a cow pasture if Kansas City didn't come down to his bare-bone terms for leasing the stadium.

But the face of it isn't the half of it. What everybody wants to avert, if possible, is a law suit over the American League's right to tell Charles O. Finley what he must do with his investment in the Kansas City Athletics. If Mr. Finley claims he was squeezed out of his own money a law suit might be his next move.

Such a suit would reopen the most ticklish question in organized sports — whether baseball is a business and if so must operate under antitrust laws like other business.

So far, organized baseball has been treated as a sport, instead of a business. But as owner Finley may be testifying one day, it isn't sporting when the other owners in the American League get together "in restraint of trade." It's murder.

## No Volunteers For Frustration

The secretary-general of the United Nations is finding no enthusiasm for intervention in Cyprus. This isn't puzzling.

The Cypriots have been killing one another for generations. Both the Greeks and Turks used to share satisfaction in shooting and killing their British "oppressors" until Great Britain retired from the battle in 1960. Since then, they have had to be satisfied with drawing beads on each other.

The idea of sending in young men from other countries to act as targets for the violent souls of Cyprus is not attractive in the least, particularly in the light of the fact the United Nations, lacking funds, would require their expenses to be paid by their own governments.

No government would relish the prospect of notifying the family of a young man killed in Cypriotic feudalism that they had sacrificed him to the violence of a population now reported to be almost universally under arms.

Any attempt to quell the spirit of bloodshed on Cyprus would be a project in frustration. There is not even the justification of an imminent threat of Communist takeover in Cyprus. Communism would have everything to lose and nothing to gain in such a situation.

In lieu of volunteers to put down the fighting, the best solution still would be to notify the Cypriots that they were going to be on their own after a specified date. That might cool them off.

## Longshoremen's Veto Power

International Longshoremen's Union has a talking point in boycotting grain shipments to Russia unless half can be transported in U.S. ships.

The late President Kennedy perpetrated deep trouble when he promised a half-and-half ratio. The United States does not have that much shipping available even in terms of total tonnage. In terms of tonnage suitable for grain shipment, the ratio was unrealistic.

This is known to officials of International Longshoremen's Union and their union allies, including George Meany, president of AFL-CIO, who is backing them to the hilt. The question is whether available and usable tonnage is the issue, or whether the issue is the sale of grain to Russia.

It is possible the veto power of this shipping union is being substituted for a foreign policy of the United States. It is possible one labor union has taken to itself the power to decide what may and may not be done by the federal government.

Whether one happens to agree on selling U.S. grain surpluses to Russia is not too important. Of first-rate importance is the demonstration that the ultimate power of decision lies in a labor union, not in the government of the United States.

It is hard to think of any other faction that could get away with it without a threat of government retaliation.

Dear Nephew: Your Aunt Effie and I are splitting gussets over your fight with the rising generation. Won't you ever learn?

We could have told you what would happen when the British Beatles came here, but you wouldn't have listened to us so we saved our breath.

Your Aunt Effie and I wised up on things like The Beatles when you were knee-high. The only way to handle the generation coming up behind you is to understand the law of contrary opinion.

Youngsters itch for an excuse to assert themselves. That's why they do so many things that are silly per se but are of momentous importance to them. They are asserting themselves.

They are making an opinion contrary to the opinion of their elders for the sake of making it. They are defying authority. This is natural. It is healthy. It is helpful.

**YOU DID** the same thing when you were a teen-ager. Your aunt and I did, too, though we cannot remember offhand what the differences were. She thinks it was mostly about overheating horses in foolish buggy races on country roads, but I can not be sure about that. The way I recall it, my father and mother would have wanted me to race horses, because they always figured to have the fastest horses in the township.

Whatever it is, the generation that's over the hill is everlastingly nagging at teen-agers coming up. That's why they're hostile to their elders. They don't like to be nagged.

We have been talking about The Beatles to our young friends who drop by to see us and we're having no differences of opinion. We even went to the trouble of buying a Beatle record for our new hi-fi with the stereophonic gizmo, and we play it when they're around.

So what happens? So the situation is under control. There's nothing to argue about. We don't criticize the four young Britons and our young friends don't criticize us two old boobs. They tell us they think we're kinda cute to show so much interest in what's going on among the younger set, and we have to agree with them. They're right. We're kinda cute.

**ANYONE** who understands the law of contrary opinion can be kinda cute. There's nothing to be gained but the permanent dislike of the young by nagging them.

They have as much right to be wrong as their elders, and if it's something that doesn't matter they should be given a free rein. And let us tell you something else.

If the young aren't given a free rein to be wrong about inconsequential things they get contrary about consequential ones. That's the way we look at it.

After all, you and the mother of your children should be experts. We've never been anything but consultants in child-rearing, your Aunt Effie and I.

Give our regards to the family.

# Anti-Bias Laws Seen Leading To Abuse

By DAVID LAWRENCE

Many readers are complaining that they don't get in their newspapers or on the radio or television both sides of the controversy over the constitutional points involved in the civil rights legislation before Congress.

David Lawrence

When, therefore, a lawyer born and raised in New York City— educated in its schools and colleges, and practicing law there for the last 17 years—writes an article exposing an abuse of power by courts as well as enforcement agencies in states and cities throughout this country and declares that there is a steady erosion of the rights of citizens, it would seem to be worthy of widespread attention.

The American Bar Association Journal, which is published in Chicago, evidently thought so, as it printed in its current issue the article by Edward F. Cummerford entitled, "Civil Rights and Civil Wrongs." He wrote in part:

"While no decent person will defend racial or religious hate, it does not follow that every possible action taken to eliminate them is either good or necessary.

**"PROHIBITION** was termed a 'noble experiment,' but it did more harm than good, for the simple reason that it abridged personal freedom without sufficient justification. The same basic error permeates much of the civil-rights activity now in vogue. To condemn these activities no more makes one a proponent of bias than to oppose prohibition made one a bootlegger or a drunkard. . . .

"In the legislative field the typical pattern has been enactment of a statute with an enforcing agency. Although these 'antibias' laws vary in detail from one jurisdiction to another, they usually declare illegal 'discrimination' in such areas as employment, housing, public accommodations and resorts, public transportation and, sometimes, education.

"About half our states and some municipalities now have such laws, many with enforcing agencies. . . .

"Invariably these agencies begin their work in an unobtrusive manner, but, with the passage of time, they often become increasingly aggressive, seeking more powers, asking broader areas in which to operate and harsher punitive measures for alleged offenders.

**"SOME HAVE** stated very candidly that, if enough complaints are not filed to keep them busy, they will go out searching for examples of bias. Frequently they query employers as to the proportions of races and creeds in their employ; they scrutinize employment applications to see if there are any questions deemed discriminatory; they scan advertising by hotels and resorts to ferret out language that might be a subtle cloak for bias."

Mr. Cummerford drew attention to a significant decision by the U.S. Court of Appeals in a New Rochelle, N.Y., case, in which it was held that pupils in a neighborhood predominantly Negro could apply for transfer to a school "whose racial makeup was more in accord with their preferences, irrespective of school boundaries or distances involved."

The New York lawyer continued his comment as follows:

"If federal judges can dictate the drawing and altering of school boundary lines and the racial composition of student bodies, why may they not, by the same logic, determine the racial composition of a residential neighborhood by appropirate decrees and orders directed to realty agents and landlords? . . . .

"Almost with each passing day, new and strange events are reported in connection with this inexorable drive to wipe out 'bias.' Private property is seized and held by mobs; 'sit-in' demonstrations are conducted in state capitol buildings, city halls, board of education properties and the like.

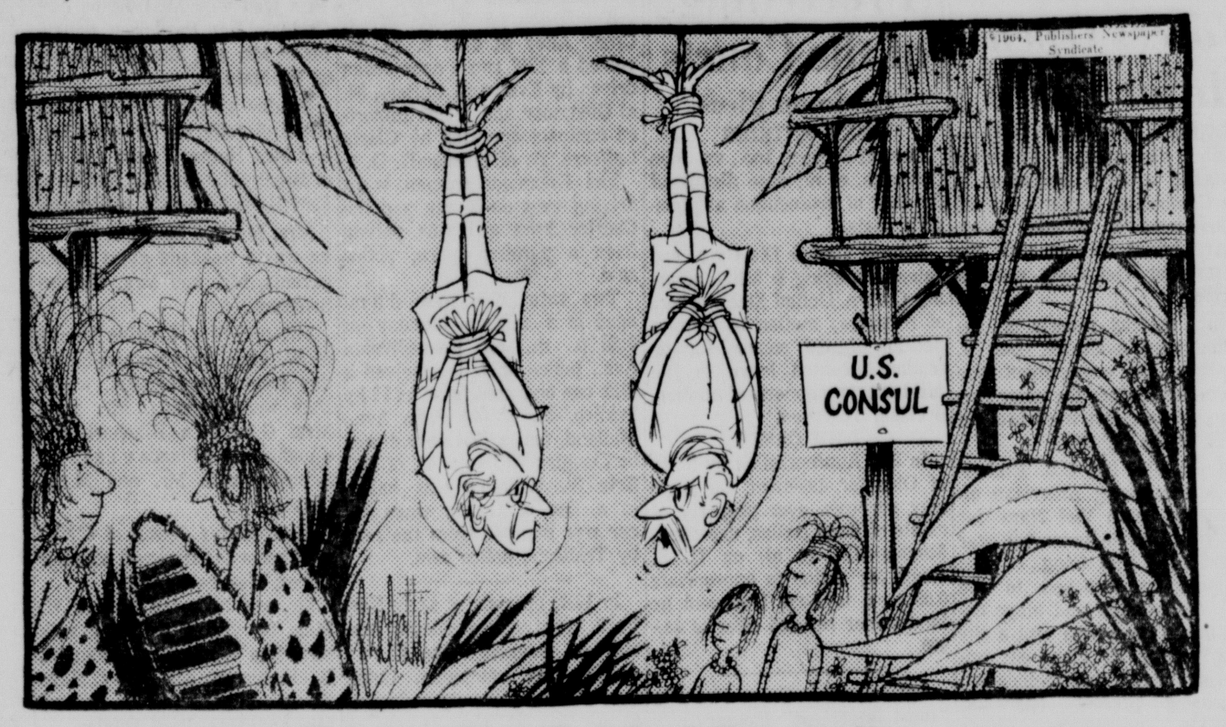

**"RACIAL PRESSURE** groups dictate to private employers what the racial makeup of their payroll shall be, and to school boards what the racial makeup of the student body shall be. Crude pressure is exerted against private clubs because of their membership policies, and threats are heard to abolish them altogether. . . .

"When bureaucrats not chosen by the people can warn us to obey the 'spirit' of laws or face penalties; when a federal district judge can sit as the absolute overseer of a local community's affairs; when schoolteachers are muzzled and coerced; when our citizens cease to be free individuals and become merely 'ethnic groups' to be manipulated according to some sociological dictim; when our law and our courts become merely the extensions of the sociologists' workshops; when governments can invade the hearts and minds of men to search out their subtlest motigations and innermost thoughts; when all of these things come to pass in our land of the free, it is high time we asked ourselves just where we are headed."

The views expressed by Mr. Cummerford are shared by many other lawyers in the North but are not always articulated.

One reason, of course, is that, while there are many lawyers in the country, a relatively small number have specialized in constitutional law.

On the surface it would appear that only in the South is there any objection to the enforcement of "civil rights." But Mr. Cummerford's article is an example of the dissent that is growing rapidly in the North.

# Castro Utilizes Tactics Of Red Chinese

By VICTOR RIESEL

Fidel Castro may be getting his hardware from Moscow but his heart belongs to Peking. He is what some of us have begun calling a true "Mao-Mao-ist," because he is weaving an underground network for guerrilla warfare inside the cities, as well as in the countryside and jungles of Central and South America. This is the newest phase of Castro's invasion of Latin America and his agents have the support, training and guidance of Chinese Communist strategists.

Victor Riesel

Their tactics consist, in part, of picking on smaller nations first. A few weeks ago, for example, the Honduras police broke up a conspiracy aimed at sabotaging the tiny country's industrial areas.

The security forces discovered a camouflaged air strip on a plantation near San Pedro Sula, a city on the Caribbean coast easily accessible to Castro foragers. In a nearby cache were Chinese language documents outlining maneuvers for seizing bridges, highways and factories.

**THAT'S ONE** tactic. Another was developed at the same time thousands of miles away in Rio de Janeiro where the Cubans, aided by Chinese mentors, were trying to run a continental congress of labor. They called it the "Congress of the Single Center of Latin American Workers."

The strategy behind this "convention" was complex but clever. The objective was the creation of a respectable sounding labor federation which would appeal to independent and Christian democratic unions to join in a fight against older labor organizations.

Since there had long been a Communist controlled skeletal union federation south of the border, the Castro-ites and their allies had to dismantle it. This was the outfit known as the CTAL, (Latin American Federation of Labor) in existence in name only. It is the property of a Mexican Communist, Lombardo Toledano.

You can get an ideological birds-eye view of Toledano from a press statement he made in November 1962, on Mexico City, when he wrote:

**"GUANTANAMO** is a bloody dagger in the body of Latin America . . . (the people must) . . . help Cuba remove the arm holding the dagger . . . ."

Obviously, the CTAL and Toledano, who was head of the Marxist-Leninist Mexican Popular Socialist party, could not be used as bait to attract non-Communist unions.

So Castro and his allies developed plans — which I discovered in Montevideo some months ago—to launch a new innocent sounding continental labor movement. "Delegates" to the founding congress began meeting in Rio this past month.

The Communist labor movement is strong there, but it did not foresee the quick action of Gov. Carlos Lacerda, whose province consists mainly of the city of Rio.

Mr. Lacerda is one of the few leaders I have found anywhere in this world who is literally willing to stake his life as well as his political future on outspoken friendship with the United States. He forced the congress to get out.

**THEIR RANKS** depleted, the "delegates" sought another city. They finally wound up in the capital, Brasilia. President Goulart could have banned them, but he didn't.

Their revolutionary strategy was obvious in their documents, many of which were written by a committee under the direction of Rogelio Iglesias Patino. He is the secretary of foreign affairs of the Cuban Workers Revolutarionary Confederation, the Castro labor organization.

The documents not only call for "defense of the Cuban revolution" but for the launching of revolutions in nations friendly to the United States — revolutions bursting forth from the streets of Latin cities and the insides of industrial complexes. There were "delegates," for example, from the underground "Single Center of Venezuelan Workers" now attempting to terrorize working people in that land.

**USING THE VENEZUELAN** underground's technique of terror and industrial sabotage, the Congress' papers said, in effect, that these techniques could be used in Santo Domingo, Nicaragua, Ecuador, Paragua, — and Panama, of course.

Should the new "Single Center" be successful, it could spread its cells into factories and oil installations, coal pits and vast mining fields. Disruption, violence and strikes could frighten off much needed new investments, wipe out jobs and injure the national economies of lands which are open to siege from the inside.

These subversive techniques are being countered by training schools set up by the American Institute for Free Labor Development which is supported by American unions in cooperation with U.S. industrialists. These schools are turning out informed and skillful Latin unionists. For once we're trying hard to even the odds.

## East German Hero

**Ohio Defector Attacks U.S.**

BERLIN

In the eyes of the U. S. Army M. Sgt. Willard E. Valentini is a deserter and worse. But in Communist East Germany he is a hero.

The East German Army newspaper Volksarmee (People's Army) introduced him this way in a story:

"Master Sergeant Valentini, eyewitness to atomic explosions in Nevada and the aggression against the peoples Republic of Korea, the poison war in South Viet Nam and the American intervention in Laos and in the Congo."

Valentini, 35, who comes from Lorain, Ohio, defected to East Germany in October. He had been serving with a signal battalion at Mannheim, West Germany, and left behind a wife and four children.

Army sources said Valentini was awaiting trial by general court-martial on charges of forgery, misrepresentation, disorderly conduct, drunken driving, adultery, misappropriation of government funds and property, resisting arrest and being absent without leave.

He used forged furlough papers to come to West Berlin where he crossed into the Soviet sector, Army sources said.

The East Germans don't say anything about his trouble with the U.S. Army. Their version is that Valentini was fed up with imperialist masters.

In one Volksarmee article, Valentini claimed he was ordered to tap telephones at NATO headquarters outside Paris while stationed there in 1953. In 1955, Valentini said, he was ordered to tap the telephones of all West Germany Army officers serving at the headquarters.

In another article, the balding deserter said he had been trained as a Ranger to "kill human beings silently without a rifle and without leaving any evidence."

Valentini also claimed that after 38 weeks of special training with a U.S. Army Special Forces unit he was sent to Libya and Laos to train spies.

Later in South Viet Nam, Valentini said, he "became an eyewitness that chemical weapons were used against the freedom movement." He said that the commander of his unit ordered a "special poison" sprayed from an aircraft over the jungle.

"All foliage died off and the partisans did not realize until morning, when it was too late, that they were robbed of the secure roof of leaves, they were discovered and overpowered," the article said.

The article closed by saying "the press" reported in March 1963 that "chemicals were dropped over South Viet Nam in February 1963, affecting about 5,000 persons, many of whom were blinded or suffered burns."

The Communist press did circulate these reports but the United States denied them.

U.S. officials said the chemical was a weed killer to clear away foliage from behind which the Communist Viet Cong could launch ambushes. The U. S. officials said the chemical is harmless to humans.

## Through The Years

**THIRTY YEARS AGO**—Promotion of Mrs. Mildred McKim to night chief operator of the Ohio Bell Telephone company's exchange here, and Miss Mildred L. Snape to chief operator of the company's Wellsville exchange, was announced.

A program of music and readings featured the observance of the 34th anniversary of the founding of the Ladies' Aid Society of the First Methodist Episcopal Church of Chester.

A blue ribbon and cash prize were awarded the Reed Brothers of Hookstown, for their Lehmen corn exhibit in the winter state fair at Harrisburg.

**TWENTY YEARS AGO** — Frank Campbell of Lincoln Ave. attended an insurance convention in Columbus.

Miss Patti K. Greene of Blakeley St. and Miss Beverly Deidrick of Orchard Grove Ave. entered the U.S. Nurses cadet corps at St. Luke's Hospital in Cleveland.

The Lions Club celebrated its 20th anniversary at a banquet at the Travelers Hotel, featuring Judge Elmer T. Phillips of the 7th District Court of Appeals as the speaker.

**TEN YEARS AGO**—Miss Arletta Helfrich, a freshman at Ohio State University in the School of Musical Education, participated in a vocal recital at the university and sang "Ah! Quanto E. Vero."

Daniel Miller, John Craig and Frank Houston were named elders of the First Christian Church of Fredericktown.

## Only Umpire We Have

Reports of President Johnson's low boiling point have become commonplace. They are as worrisome as reports of his fondness for mingling with crowds, to the consternation of the people responsible for guarding his life.

The President belongs to all the American people, in a real sense. He is their chief executive, their nationally elected official, the leader of their country.

They are worried about his safety when he risks his life in a crowd, particularly in the absence of a suitable vice president. President Johnson owes it to his countrymen to obey all security rules until the government has been given a vice president to back up the president, who may or may not be Lyndon B. Johnson after next November.

His countrymen are equally concerned about Mr. Johnson's propensity for tension. This is not a characteristic he acquired after he took the presidential oath last Nov. 22.

Like Dwight D. Eisenhower, whom he visited during his stay in California, Mr. Johnson's external composure often conceals inner turmoil. He is senstive to criticism. He is quick to fly into a temper. He is anxious to please, annoyed when he fails.

He's an easy ruffler. He gets his hair up. His gorge rises, His fur gets rubbed the wrong way. Things bug him. Worse yet, he bugs himself.

His tensions mount. This is why his countrymen worry. They don't think it's good for a president to let his tensions mount, even though they contribute to it with their own actions.

They like to think of their president as an umpire standing between them and the circumstances of their existence, being buffeted by both yet yielding to neither. The buffeting is part of the game. The umpire must rise above it and be the most composed man on the premises.

Avoid tension, Mr. President — for our sake. You're the only umpire we have until next Election Day.

## Still A Close One

Our sports page associates have been keeping us up to date on the fight between Charles O. Finley, owner of the Kansas City Athletics, and his fellow owners of the American League.

The latest word is that owner Finley, confronted with an ultimatum from his fellow owners, has accepted Kansas City's terms for leasing its municipally owned stadium and will be doing business as usual at the same old stand when the season begins. On the face of it, this could end the fight between owner Finley and other American League owners, who had been objecting to his threats to take the club somewhere else this season, or even to play home games in a cow pasture if Kansas City didn't come down to his bare-bone terms for leasing the stadium.

But the face of it isn't the half of it. What everybody wants to avert, if possible, is a law suit over the American League's right to tell Charles O. Finley what he must do with his investment in the Kansas City Athletics. If Mr. Finley claims he was squeezed out of his own money a law suit might be his next move.

Such a suit would reopen the most ticklish question in organized sports — whether baseball is a business and if so must operate under antitrust laws like other business.

So far, organized baseball has been treated as a sport, instead of a business. But as owner Finley may be testifying one day, it isn't sporting when the other owners in the American League get together "in restraint of trade." It's murder.

## No Volunteers For Frustration

The secretary-general of the United Nations is finding no enthusiasm for intervention in Cyprus. This isn't puzzling.

The Cypriots have been killing one another for generations. Both the Greeks and Turks used to share satisfaction in shooting and killing their British "oppressors" until Great Britain retired from the battle in 1960. Since then, they have had to be satisfied with drawing beads on each other.

The idea of sending in young men from other countries to act as targets for the violent souls of Cyprus is not attractive in the least, particularly in the light of the fact the United Nations, lacking funds, would require their expenses to be paid by their own governments.

No government would relish the prospect of notifying the family of a young man killed in Cypriotic feudalism that they had sacrificed him to the violence of a population now reported to be almost universally under arms.

Any attempt to quell the spirit of bloodshed on Cyprus would be a project in frustration. There is not even the justification of an imminent threat of Communist takeover in Cyprus. Communism would have everything to lose and nothing to gain in such a situation.

In lieu of volunteers to put down the fighting, the best solution still would be to notify the Cypriots that they were going to be on their own after a specified date. That might cool them off.

## Longshoremen's Veto Power

International Longshoremen's Union has a talking point in boycotting grain shipments to Russia unless half can be transported in U.S. ships.

THEIR RANKS depleted, the "delegates" sought another city. They finally wound up in the capital, Brasilia. President Goulart could have banned them, but he didn't.

Their revolutionary strategy was obvious in their documents, many of which were written by a committee under the direction of Rogelio Iglesias Patino. He is the secretary of foreign affairs of the Cuban Workers Revolutarionary Confederation, the Castro labor organization.

The documents not only call for "defense of the Cuban revolution" but for the launching of revolutions in nations friendly to the United States — revolutions bursting forth from the streets of Latin cities and the insides of industrial complexes. There were "delegates," for example, from the underground "Single Center of Venezuelan Workers" now attempting to terrorize working people in that land.

USING THE VENEZUELAN underground's technique of terror and industrial sabotage, the Congress' papers said, in effect, that these techniques could be used in Santo Domingo, Nicaragua, Ecuador, Paragua, — and Panama, of course.

Should the new "Single Center" be successful, it could spread its cells into factories and oil installations, coal pits and vast mining fields. Disruption, violence and strikes could frighten off much needed new investments, wipe out jobs and injure the national economies of lands which are open to siege from the inside.

These subversive techniques are being countered by training schools set up by the American Institute for Free Labor Development which is supported by American unions in cooperation with U.S. industrialists. These schools are turning out informed and skillful Latin unionists. For once we're trying hard to even the odds.

## East German Hero

**Ohio Defector Attacks U.S.**

BERLIN

In the eyes of the U. S. Army M. Sgt. Willard E. Valentini is a deserter and worse. But in Communist East Germany he is a hero.

The East German Army newspaper Volksarmee (People's Army) introduced him this way in a story:

"Master Sergeant Valentini, eyewitness to atomic explosions in Nevada and the aggression against the peoples Republic of Korea, the poison war in South Viet Nam and the American intervention in Laos and in the Congo."

Valentini, 35, who comes from Lorain, Ohio, defected to East Germany in October. He had been serving with a signal battalion at Mannheim, West Germany, and left behind a wife and four children.

Army sources said Valentini was awaiting trial by general court-martial on charges of forgery, misrepresentation, disorderly conduct, drunken driving, adultery, misappropriation of government funds and property, resisting arrest and being absent without leave.

He used forged furlough papers to come to West Berlin where he crossed into the Soviet sector, Army sources said.

The East Germans don't say anything about his trouble with the U.S. Army. Their version is that Valentini was fed up with imperialist masters.

In one Volksarmee article, Valentini claimed he was ordered to tap telephones at NATO headquarters outside Paris while stationed there in 1953. In 1955, Valentini said, he was ordered to tap the telephones of all West Germany Army officers serving at the headquarters.

In another article, the balding deserter said he had been trained as a Ranger to "kill human beings silently without a rifle and without leaving any evidence."

Valentini also claimed that after 38 weeks of special training with a U.S. Army Special Forces unit he was sent to Libya and Laos to train spies.

Later in South Viet Nam, Valentini said, he "became an eyewitness that chemical weapons were used against the freedom movement." He said that the commander of his unit ordered a "special poison" sprayed from an aircraft over the jungle.

"All foliage died off and the partisans did not realize until morning, when it was too late, that they were robbed of the secure roof of leaves, they were discovered and overpowered," the article said.

The article closed by saying "the press" reported in March 1963 that "chemicals were dropped over South Viet Nam in February 1963, affecting about 5,000 persons, many of whom were blinded or suffered burns."

The Communist press did circulate these reports but the United States denied them.

U.S. officials said the chemical was a weed killer to clear away foliage from behind which the Communist Viet Cong could launch ambushes. The U. S. officials said the chemical is harmless to humans.

At Salineville Council

# *Mayor Opposes Pay Raise For 2*

SALINEVILLE — Despite opposition by Mayor Stanley Fitch, Council Monday night ordered legislation prepared for a $20 wage increase for two water department aides.

The Board of Public Affairs requested by letter that Council authorize the wage boosts for Eugene Madison, superintendent, and Ronald Jarvis, assistant superintendent, of the department.

—:—

MAYOR FITCH said he feels the hike is not justified, and since Salineville has "among the highest water rates in the area, the department should seek to lower the rates before granting salary hikes."

The mayor also said the employes of the water department have not been co-operative with him in the past.

Fitch said the appropriations for the village for 1964 should be spent on improvements to the village and not for creating "better - paid jobs for employes."

Councilman Gillis Earl made the motion, and Councilman Clyde Polen seconded it, that legislation be drawn for the wage boosts. The motion was approved unanimously. Councilman Eugene Jarvis was absent.

—:—

DISCUSSION was also held on a proposed wage increase for Police Chief Roy Lewis. Mayor Fitch, the safety committee and the chief met last week for a discussion of police protection.

The mayor said he made some recommendations for "improved" protection, and said he believes a wage boost should not be authorized until the protection is revised.

The mayor also said he feels a clothing allowance should be considered instead of a wage increase.

Council took the matter under further study.

In other action, Council adopted an ordinance banning trailer trucks from village streets other than state routes except for moving vans serving private homes and in other particular cases.

Signs prohibiting the trucks are to be obtained from Roy Brammer.

—:—

KENNETH GEARIN of East End was granted an $85 contract for painting the Council chamber, hall and mayor's office. He will provide the labor and the village the paint and materials. The other bid was for $100.

The mayor asked the street committee to survey streets for the annual summer improvement program.

Discussion was held on purchase of a second - hand tar kettle for street work, but it was reported no funds are available.

Chief Lewis reported 1,237 miles patroled since Jan. 27, six arrests, 11 accidents investigated, three tickets issued, three domestic troubles investigated, five dog complaints and 11 dogs turned over to the dog warden.

Bills totaling $2,319 were paid.

The Rev. Allen Rose of the Methodist Church gave prayer.

## Trustee Elected By City Workers

Joseph Horner, a street department employe, was elected to a vacant trustee's post Monday night at a meeting of Local 677, American Federation of State, County and Municipal Employes.

Meeting at the Travelers Hotel, the local named Horner to succeed John Cornell. Cornell was elected recently to fill a vacancy in the vice presidency created by the resignation of Fred Kane. Twenty - three attended the meeting of the local, which represents city employes in several departments.

Leonard Nichols, an incinerator department employe, was elected a delegate to Regional Council 18, Ohio Public Employes Council, at Youngstown. John Trimboli of Youngstown, the local's district representative, was elected to represent the union at the international convention in Denver in April.

Next meeting will be March 23 at the hotel.

# Crash Hurts Rogers Man

A 43-year-old Rogers area man was in "fair" condition today at Salem City Hospital with injuries suffered when his convertible smashed into a tree along Route 170 near Negley early this morning.

Wilbur Dyke of Rogers R.D. 1 received a fractured right hip, lacerations of the right arm and face and possible internal injuries, the Ohio Highway Patrol at Lisbon said.

Dyke was headed south when his 1962 convertible left the right side of the road at a curve about a fifth of a mile south of Negley and hit the tree. The mishap was timed at 2:15 a.m.

The car was extensively damaged, officers said.

A parked tractor - trailer rig drifted from a restaurant lot and sideswiped a passing rig about 3 a. m. in the Substation area, officers reported.

The semi - trailer had been parked by Leroy Farnsworth, 39, of Glenmoor in the lot of the Blue Top Restaurant. The emergency brake apparently became loose, and the rig drifted onto the highway, sideswiping a northbound rig driven by Billy Joe Miller, 35, of Canfield.

Damage was minor, officers said.

Councilman Gillis Earl made the motion, and Councilman Clyde Polen seconded it, that legislation be drawn for the wage boosts. The motion was approved unanimously. Councilman Eugene Jarvis was absent.

—:—

DISCUSSION was also held on a proposed wage increase for Police Chief Roy Lewis. Mayor Fitch, the safety committee and the chief met last week for a discussion of police protection.

The mayor said he made some recommendations for "improved" protection, and said he believes a wage boost should not be authorized until the protection is revised.

The mayor also said he feels a clothing allowance should be considered instead of a wage increase.

Council took the matter under further study.

In other action, Council adopted an ordinance banning trailer trucks from village streets other than state routes except for moving vans serving private homes and in other particular cases.

Signs prohibiting the trucks are to be obtained from Roy Brammer.

—:—

KENNETH GEARIN of East End was granted an $85 contract for painting the Council chamber, hall and mayor's office. He will provide the labor and the village the paint and materials. The other bid was for $100.

The mayor asked the street committee to survey streets for the annual summer improvement program.

Discussion was held on purchase of a second - hand tar kettle for street work, but it was reported no funds are available.

Chief Lewis reported 1,237 miles patroled since Jan. 27, six arrests, 11 accidents investigated, three tickets issued, three domestic troubles investigated, five dog complaints and 11 dogs turned over to the dog warden.

Bills totaling $2,319 were paid.

The Rev. Allen Rose of the Methodist Church gave prayer.

## Trustee Elected By City Workers

Joseph Horner, a street department employe, was elected to a vacant trustee's post Monday night at a meeting of Local 677, American Federation of State, County and Municipal Employes.

Meeting at the Travelers Hotel, the local named Horner to succeed John Cornell. Cornell was elected recently to fill a vacancy in the vice presidency created by the resignation of Fred Kane. Twenty - three attended the meeting of the local, which represents city employes in several departments.

Leonard Nichols, an incinerator department employe, was elected a delegate to Regional Council 18, Ohio Public Employes Council, at Youngstown. John Trimboli of Youngstown, the local's district representative, was elected to represent the union at the international convention in Denver in April.

Next meeting will be March 23 at the hotel.

# Crash Hurts Rogers Man

A 43-year-old Rogers area man was in "fair" condition today at Salem City Hospital with injuries suffered when his convertible smashed into a tree along Route 170 near Negley early this morning.

Wilbur Dyke of Rogers R.D. 1 received a fractured right hip, lacerations of the right arm and face and possible internal injuries, the Ohio Highway Patrol at Lisbon said.

Dyke was headed south when his 1962 convertible left the right side of the road at a curve about a fifth of a mile south of Negley and hit the tree. The mishap was timed at 2:15 a.m.

The car was extensively damaged, officers said.

A parked tractor - trailer rig drifted from a restaurant lot and sideswiped a passing rig about 3 a. m. in the Substation area, officers reported.

The semi - trailer had been parked by Leroy Farnsworth, 39, of Glenmoor in the lot of the Blue Top Restaurant. The emergency brake apparently became loose, and the rig drifted onto the highway, sideswiping a northbound rig driven by Billy Joe Miller, 35, of Canfield.

Damage was minor, officers said.

Baking cheese biscuits? A suspicion of dry mustard will perk them up.

## Profits Reported Up

DAYTON, Ohio (AP)—Dayco Corp. profits for the quarter ended Jan. 31 were up 16 per cent from the corresponding period a year earlier and amounted to $18,708,372, the company reported Monday.

## Today In History

By The Associated Press

Today is Tuesday, Feb 25, the 56th day of 1964. There are 310 days left in the year.

Today's highlight in history:

On this date in 1913, the 16th amendment to the Constitution, allowing Congress to levy and collect income taxes, was declared in force.

On this date

In 1779, George Rogers Clark small army of 170 men accepted the surrender of Vincennes, Ind. the key British post of the Western Territory. The country northwest of the Ohio River had been won by one resolute man with 170 followers.

In 1783, Denmark recognized the independence of the United States.

In 1836, Samuel Colt patented the six-shooter, or revolving pistol.

In 1901, United States Steel was incorporated, beginning the era of the billion-dollar corporation.

In 1945, Gen. Douglas MacArthur announced the end of the fight for Manila with the complete destruction of the Japanese garrison.

Ten years ago ... A proposed amendment to the Constitution to limit the treaty-making powers of the President was defeated in the Senate.

Five years ago...replying to a Soviet proposal for a 28-nation conference on the German problem, President Dwight D. Eisenhower said the Western powers would not give an inch in the preservation of their rights and responsibilities in Germany, especially Berlin.

One year ago...the Senate voted against enlarging the key finance and appropriation committees for the declared purpose of improving the chance for Kennedy administration programs in Congress.

## Pughtown Minister's Son Elected As Elder

William H. Flurkey II, son of the Rev. and Mrs. William H. Flurkey of Pughtown, has been elected as ruling elder of the Trinity Presbyterian Church of Tucson, Ariz., by the congregation.

The 60-year-old church has a membership of over 4,000 and ranks sixth in size among the United Presbyterian Churches in the country. It is located two blocks from the University of Arizona.

Flurkey is completing work there on his bachelor's degree, and expects to receive it in June. He is now practice teaching in Tucson and plans to enter the teaching profession there.

His father is pastor of the Fairview Presbyterian Church of Pughtown.

If your frozen duckling is cut-up, it will take four to six hours at room temperature to thaw; overnight will do the trick if the duck is left in the refrigerator.

## Firemen Vote Use Of Games In School Fete

Calcutta volunteer firemen voted Monday night to lend the department's carnival games to sponsors of the Calcutta school carnival.

The school carnival is to be held in the spring, and William Holden is PTA president.

Twenty attended at the fire hall, and Chief Laverne Seckman commented on calls the department answered since the first of the year.

Plans were made to hire a bus to transport 20 couples to the Ice Follies in Pittsburgh either March 11 or March 12. Those interested are to make final arrangements with Keith Clark at the fire hall next Monday night.

The public has been invited to attend the second in a series of first aid films. The second program will be next Monday, March 2, at the fire hall. Paul Knox will be in charge.

Three firemen volunteered to address envelopes to be used in a fund - raising campaign. Dale Horger, president, said the trustees will meet at 7:30 Wednesday night.

Norman Neal, a member, was reported recovering at home from an ear operation.

The Tri - State Firemen's Association will meet Thursday night at the Glenmoor fire hall.

## County Mental Clinic Reports Treating 71

Since the opening in mid-November, the Columbiana County Mental Health Clinic at Lisbon has served 71 adult patients, according to Dr. Jekabs Knezinskis, psychiatrist-director.

In his report to the parent organization, Dr. Knezinskis informed the Columbiana County Mental Health Association that 36 cases had been terminated and that 35 were in treatment. Dr. Knezinskis has been operating the clinic with a partial staff, a clinical psychologist and a psychiatric social worker still being sought. When the staff is complete, children's cases will be admitted.

The clinic, which is supported by county association with matching funds from State of Ohio Division of Mental Hygiene, is located at 339 E. Lincoln Way, Lisbon.

## 2 Minutemen Fired In Routine Launchings

VANDENBERG AIR FORCE BASE, Calif. (AP)—Two Minuteman intercontinental ballistic missiles were launched Monday from this West Coast base in what Air Force spokesmen described as routine firings.

The shots bring to 32 the total number fired from this missile center.

## Lisbon Club To Meet

LISBON — Mr. and Mrs. Cornell Monda will speak on Romania at a meeting of the Kiwanis Club Thursday noon at the Masonic Temple. Monda will narrate a description of the country and his wife will appear in her native costume, playing folk songs on the saxophone. Adam Rudibaugh is program chairman.

Cream together a little butter with a dash of curry powder and light brown sugar; put a blob of the mixture in each cavity of canned peaches and broil until thoroughly hot. Serve with boned smoked pork shoulder or ham.

## School Aide Guest At Taft

George Hargraves, assistant superintendent of schools, was guest speaker at the meeting of the Taft Home and School Association Monday night. He discussed the dropout problem and said a helpful solution would be more counseling and a more meaningful curriculum.

William Gaston, representative to the city PTA Federation, asked the group to support the card party March 14 at the Country Club for benefit of the Child Counseling Center. He said tickets would be available from the secretary, Mrs. Norman Birnbaum.

Dean Bennett, president, appointed a nominating committee consisting of George Ward, chairman, Mrs. William Webber and Mrs. Robert Campbell. He announced a furnace had been installed in the school basement for heating a music practice room and a teachers' lounge.

The sum of $50 was appropriated for the 6th grade party. A total paid membership of 85 was reported.

The attendance banner was won by the 4th grade, taught by Mrs. Dorothy Vodrey. Dave Anderson led devotions. Bennett presided.

## Judge Continues Escapees' Cases

LONDON, Ohio (AP) — The multiple - charge cases against two jailbreakers who allegedly took several hostages in a wild dash around Central Ohio Saturday have been continued pending a study of their pair's background.

Common Pleas Court Judge Gerald Baynes granted the continuance at the request of attorney D. H. Jackman of London, appointed by the court to defend half-brothers Wayne A. Downing and Gary R. Massie.

Jackman said he wanted to look into the family life, education and other factors of the lives of Downing, 24, of Mount Sterling and Massie, 22, of New Holland.

Prosecutor James Patterson filed charges on four kidnaping counts along with armed robbery, automobile theft and jailbreaking.

## Beatty Named To Plan Salem School Project

Robert F. Beatty, East Liverpool architect, was employed by the Salem Board of Education Monday night to make preliminary designs for an addition to the Salem Senior High School and improvements to the Salem Junior High School.

## Today In History

By The Associated Press

Today is Tuesday, Feb 25, the 56th day of 1964. There are 310 days left in the year.

Today's highlight in history:

On this date in 1913, the 16th amendment to the Constitution, allowing Congress to levy and collect income taxes, was declared in force.

On this date

In 1779, George Rogers Clark small army of 170 men accepted the surrender of Vincennes, Ind. the key British post of the Western Territory. The country northwest of the Ohio River had been won by one resolute man with 170 followers.

In 1783, Denmark recognized the independence of the United States.

In 1836, Samuel Colt patented the six-shooter, or revolving pistol.

In 1901, United States Steel was incorporated, beginning the era of the billion-dollar corporation.

In 1945, Gen. Douglas MacArthur announced the end of the fight for Manila with the complete destruction of the Japanese garrison.

Ten years ago ... A proposed amendment to the Constitution to limit the treaty-making powers of the President was defeated in the Senate.

Five years ago...replying to a Soviet proposal for a 28-nation conference on the German problem, President Dwight D. Eisenhower said the Western powers would not give an inch in the preservation of their rights and responsibilities in Germany, especially Berlin.

One year ago...the Senate voted against enlarging the key finance and appropriation committees for the declared purpose of improving the chance for Kennedy administration programs in Congress.

## Pughtown Minister's Son Elected As Elder

William H. Flurkey II, son of the Rev. and Mrs. William H. Flurkey of Pughtown, has been elected as ruling elder of the Trinity Presbyterian Church of Tucson, Ariz., by the congregation.

The 60-year-old church has a membership of over 4,000 and ranks sixth in size among the United Presbyterian Churches in the country. It is located two blocks from the University of Arizona.

Flurkey is completing work there on his bachelor's degree, and expects to receive it in June. He is now practice teaching in Tucson and plans to enter the teaching profession there.

His father is pastor of the Fairview Presbyterian Church of Pughtown.

If your frozen duckling is cut-up, it will take four to six hours at room temperature to thaw; overnight will do the trick if the duck is left in the refrigerator.

## Firemen Vote Use Of Games In School Fete

Calcutta volunteer firemen voted Monday night to lend the department's carnival games to sponsors of the Calcutta school carnival.

The school carnival is to be held in the spring, and William Holden is PTA president.

Twenty attended at the fire hall, and Chief Laverne Seckman commented on calls the department answered since the first of the year.

Plans were made to hire a bus to transport 20 couples to the Ice Follies in Pittsburgh either March 11 or March 12. Those interested are to make final arrangements with Keith Clark at the fire hall next Monday night.

The public has been invited to attend the second in a series of first aid films. The second program will be next Monday, March 2, at the fire hall. Paul Knox will be in charge.

Three firemen volunteered to address envelopes to be used in a fund - raising campaign. Dale Horger, president, said the trustees will meet at 7:30 Wednesday night.

Norman Neal, a member, was reported recovering at home from an ear operation.

## *Pastors Plan Secretary Aid For Chaplain*

Plans to employ secretarial help for four hours a week were discussed at a meeting of the Tri - State Hospital Chaplaincy Association, Monday at the First Baptist Church. The Rev. Arden Beck, pastor of the Wellsville First Methodist Church, president, presided.

This is expected to give the Rev. Joseph Varner, chaplain, more time to spend with patients.

The association decided to purchase 500 booklets of Easter stories published by American Bible Society to distribute to the patients during Lent.

Presidents of supporting ministerial associations will be asked to plan a "get together" of all groups in May when reports will be presented.

Plans for the group's second anniversary observance April 2 were discussed.

Next meeting is March 30 at the First Baptist Church.

## Elkton Mothers Club To Convene

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Why do people who have had too much to drink invariably peel off their clothing? I have yet to see a person who is loaded put anything on — but an awful lot of drinkers seem to take things off.

Usually it's the shoes that come off first — particularly with women drinkers. Next, they shed stockings, belts, earrings and so on.

I've worked as a waitress for a catering service for 10 years and have had plenty of opportunity to observe party drinkers. I always have been baffled by the inevitable disrobing process which usually begins after three martinis. What causes it? — SARDINE PUSHER.

—:—

**Dear Pusher: Alcohol removes the inhibitions and produces a "don't give a darn" attitude. It also dilates the surface blood vessels which cause people to feel warm.**

**Combine these two factors and you have the complete answer to your question.**

### A House Divided

Dear Ann: Three years ago I married a bachelor who was 10 years my senior. He was kind, gentle and considerate.

I knew the score when I went into this second marriage. Romance was not in the picture. It was pure companionship. There was one drawback — I had to accept his spinster sister, since they always had made their home together.

Before long I realized what a mistake I had made but never once did I complain or let him know how abusive and domineering she was.

Two months ago my husband died. His sister refuses to move out of this house. My husband owned the house outright and left it to me in his will. She says it makes no difference. The house is all she has left of him and she never will move.

He left her a nice trust fund which will take care of her if she lives to be 100. Please tell me how to get rid of this shrew —short of calling the police? This I will not do.—MARTHA.

-:-

**Dear Martha: Offer to sell her the house at a price arrived at by an appraiser. If she refuses to buy the house from you, then go ahead and sell it and let the new owners call the police.**

### Poison To Mothers

Dear Ann: I'm a 16-year-old girl but am very mature for my age. I have been served liquor since I was 15 and no one ever has asked to see my ID card. I'm madly in love with a boy who is 17. He has given me his class ring which means we are as good as engaged. I'm going to marry him. Nothing in the whole world can stop me.

The problem is his mother. She hates me like poison. Whenever he wants the car to take me out she thinks up an excuse. Once when I was in her house and she wasn't there I accidentally burned a hole in the sofa. Like a dunce I called her the next day and offered to have the sofa repaired.

Instead of being nice, and complimenting me on my honesty, she blew her top and ordered me never to come to her house again when she wasn't there.

I would give anything if I could get this woman to like me. Please give me some suggestions. — CHILLED.

-:-

**Dear Chilled: You never are going to get this woman to like you, so forget it. As a matter of fact, you aren't going to get any boy's mother to like you unless you straighten around, kiddo.**

**No mother in her right mind would approve of a 16-year-old girl who drinks, smokes and visits in her home when no adult is there. Where is your mother, Toots?**

**Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self - addressed envelope.**

# Hints *from* Heloise

**— By Heloise Cruse —**

DEAR HELOISE: I keep a loaf of bread fresh by placing it inside a plastic bag and then putting it in my refrigerator. I do not freeze it.

If the bread is dried out one can freshen it by putting as many slices as they need in the top of a double-boiler. After about five minutes the bread will be warm and soft. One could lightly grease the inside of the double-boiler or use a rack just to make sure the bread doesn't stick.

When making toast from stale bread — I use an empty spray bottle which has been well-washed and filled with fresh water. I hold up each slice of bread and give it a quick "spray" on each side! Do not hold the spray bottle too close to the bread or it will get too damp in spots. When you toast the bread in your broiler it will be "puffy" on the inside and real "crusty" outside!

I have wondered about — but have not tried — spraying flavored water on toast. This could be buttered or sprinkled with sugar after it is toasted. Could this possibly be done or does anyone know?

**DEAR PHYLLIS: All you have to do after washing your hands is grab that old vinegar bottle . . . pour a dab on your hands . . . rub them together and rinse. Try it, hon.**

**HELOISE.**

DEAR HELOISE: For those who have little children.

We were going on a short trip and at the last minute I threw a roll of toilet tissue in the glove compartment.

The tissue stayed in the glove compartment and it has been there ever since. It is always on hand for a quick sneeze, greasy hands after hamburgers or chicken in the car, after spilling soda pop on the car seat, etc.

# Physician Talks On Emergencies

The problem of getting persons to realize what constitutes a true emergency was discussed by Dr. K. W. Turner in a talk on the operation of the City Hospital emergency room at a dinner meeting of the Junior Chamber of Commerce Monday night at the Travelers Hotel.

He said it is difficult to define an "emergency," first from the viewpoint of the doctor and then from the viewpoint of the patient.

—:—

**HE DEFINED** emergencies as auto or industrial accidents, lacerations and fractures, and burns.

Patients who are ill, have severe colds or sore throats, aches and pains or other ailments consider their cases emergencies.

A total of 6,880 persons were treated at the emergency room last year. This is almost 18 per day.

Of the patients processed, 78 were the result of auto accidents with 153 admitted and 325 treated and released. Industrial accidents accounted for 69 patients, with 35 admitted and 34 treated. Another 2,792 were injured as the result of falls and other mishaps. The remaining 3,254, or half the entire load, were not classified as true emergencies, Dr. Turner said.

—:—

**HE COMMENTED** he had worked the emergency room Sunday. He said there were 18 telephone calls to the hospital. One patient had a fractured ankle and the remainder was for just sickness, colds, sore throats, etc.

He said he asked the patients why they didn't see their family physician and that most replied they couldn't find him.

He said the doctors receive a lot of criticism over persons having to wait for some time to see a doctor at the emergency room. A nurse notes the time the doctor is called and the time he arrives. On true emergencies, all calls were answered under half an hour, he said.

Dr. Turner said the net result is that the emergency room is almost an out - patient department.

He also said the hospital collects only from 35 to 37 per cent of the fees charged for emergency room services.

—:—

**THE MEDICAL** Staff has tried to improve the service, although it is by no means perfect, the doctor said.

There are 22 doctors who handle the emergency room. Some are excused. Each takes a turn at serving for a 24-hour period. The doctor doesn't have to stay at the hospital the entire time, but he is on call during that period.

Dr. Turner spoke of a resident doctor. A check into the possibility of obtaining a resident is being made by the Wellsville and East Liverpool Jaycees.

He said residents are not easily available. He said some foreign - trained men are available, but pointed to the language barrier. He said the doctors select larger institutions in which to train.

—:—

**HE SAID** three would be needed at City Hospital although one would help. They usually want $1,000 a month salary.

A resident doctor would work in other parts of the hospital and not just remain in the emergency room, he said.

The big problem is the non-emergency calls at the hospital, he commented.

The doctor also noted efforts by the staff to obtain another anesthetist, either a nurse fully trained in this field or a physician. He said the staff offered a trained nurse $750 a month and a doctor $20,000 a year. Both offers were turned down. They work at larger institutions where they obtain more fringe benefits, he commented. He also listed other efforts along this line which failed.

—:—

**VINCENT LANEVE** was program chairman.

Richard Chadwick, president, conducted business. Nine new members were inducted by Robert Lewis.

Laneve reported on tentative arrangements for the annual Home Show April 15-18. John Parsons reviewed a ways and means project. The Jaycees will sell a combination hammer and screwdriver set at the show.

Various committee reports were heard.

The March All-State meeting will be March 14-15 at Columbus.

The Board of Directors will meet March 9. Next membership meeting is March 23.

## Southern Ruritan Initiation Held

Ed House was initiated as a new member when the Southern Ruritan Club met Monday night at the Yellow Creek United Presbyterian Church at Hillcrest.

Don Mason of Wellsville and Lodge Thorne of Lisbon were guests. Fred Leughmyer, president, conducted business. Thirty-five attended.

Plans were made for a delegation to attend a meeting of the newly - formed Jefferson Club at Knoxville March 4. The new club will receive its charter.

The club will write Rep. Clarence Wetzel, urging him to back the Highlandtown Lake project and push for its completion.

The club voted to renew its membership in the Park and Forest Association. Dale Miller of Lisbon was guest speaker. He discussed the values of freedom to the pioneer and the modern day man.

Next meeting will be March 30 at the church.

## County Parks Council Will Meet Thursday

LISBON — The committee that met with the Ohio director of natural resources on Feb. 17 will report when the Columbiana County Forests and Parks Council meets Thursday at 8 p. m. in the County Extension Service office, according to Floyd Lower, secretary. The conference concerned expansion plans for Beaver Creek State Park.

Financing of the restoration of Gaston's Mill and development of the park will be discussed.

Gene Murdock, Northeast District representative of the Ohio Conservation Congress, will report on the work of his group.

The annual meeting will be held March 26 at St. George's Parish Hall, Lower said.

## Beloit Area Farmer In Group For Capital

LISBON — Charles A. Malmsberry of Beloit R. D. 1 will represent the 19th Congressional district as one of 20 Ohio farmers selected as Farm Bureau congressional spokesmen at Washington March 16-18, according to Wendell Weller, president of the Ohio Farm Bureau Federation.

Meetings have been arranged with Sen. Frank Lausche and Sen. Stephen Young as well as with Ohio congressmen to discuss the Farm Bureau's position on farm programs, Food for Peace, trade, federal aid to education and civil rights.

Spokesmen have been selected for virtually every congressional district. Accompanying them will be nine members of the OFB legislative committee.

Contract To Cost $950

# Work Begins On General Move In City Hall Offices

Work was launched today on a $950 project that will clear the way for a general shift in the location of offices on the main floor at City Hall.

Floyd C. Cox of Campground Rd., building contractor, is performing the work under a contract let by Safety - Service Director Robert Vodrey.

When the job is completed, the director's office will be back in a two - room suite on the west side of the main corridor —its location from the time the building was erected in 1934 until a change was made in 1958.

Vodrey will move into space now occupied by Donald T. Duke, superintendent of the water and sewage departments, and an office occupied by billing machinery.

Duke's office and part of the water department operations will be shifted into an L-shaped suite of two rooms of the south of the water office. The rooms presently are occupied by Police Chief Americo J. Radeschi and the "Meter Maid" headquarters.

Chief Radeschi will move into a room adjoining the police department radio room. For many years, the room was the office of the late Chief Hugh J. McDermott. Later, it became a juvenile detention room.

The "Meter Maids" will be shifted into a new office that will be constructed by remodeling the vacant elevator shaft at the south end of the building's main corridor.

The principal phases of the $950 contract call for the remodeling of the elevator shaft section to house the "Meter Maids" and cutting a new door between the water department and the superintendent's new office.

Council provided the funds for the remodeling. Vodrey said he asked estimates of nine firms, but only three replied. Law did not require sealed bids because the expenditure totaled less than $500.

Under the administration of former Mayor Fred P. Lawrence, the traditional director's office was vacated to allow expansion in the water department's space. The director and the mayor then used the same large office, with their secretaries in an adjoining anteroom.

When the administration of former Mayor Bert H. Goodballet took office in 1960, the mayor's and director's offices were separated. The director moved to a small room in the basement, adjoining the city income tax headquarters.

The director moved back into the mayor's office when the administration of Merrill D. Hall took over Jan. 1. But the two secretaries still are in a combined adjoining office.

When the move is made, Vodrey will occupy the rear office in the two rooms and his secretary will be in space that fronts on the corridor.

The police chief and the "Meter Maids" now occupy space that was used originally as an office for Liverpool Township trustees.

The remodeling calls for erection of a counter in front of an offset leading to the unused elevator shaft. That will comprise the front of the "Meter Maid" office.

A doorway will be cut into the open shaft to form a record office for the meter checkers. A floor and a ceiling will be installed, as the shaft now is open from the building's roof to the basement.

The doorway will be cut into the south side of the water office to give Duke access to the quarters. At the same time, a customers' counter in the water department will be cut down and moved forward to give the personnel additional space.

## St. Clair Road Plans Discussed

Representatives of the Columbiana County Forests and Parks Council conferred Monday night with St. Clair Township trustees concerning improvements for Echo Dell Rd. leading to Beaver Creek State Park.

Steve Barborak of West Point and Elmer Hiles, manager of the park, asked about improvements of the road.

Trustees reported they have conferred with county commissioners about widening, slagging and oiling the road for the summer, and a representative is to study the road when weather permits.

A Pittsburgh Plate Glass Co. aide from Pittsburgh discussed prices and effectiveness of liquid calcium chloride for roads, but no action was taken.

Bills totaling $880 were paid.

# Albert Sees Fine Record For Congress

WASHINGTON (AP) — Rep. Carl Albert, House Democratic leader, predicted today Congress would adjourn in midsummer "with one of the best records of any Congress in history."

"We should be able to finish all of our work and get out of here before the political campaigns get under way in September," the Oklahoman said in an interview.

"As far as the House itself is concerned," Albert said, "we are over the legislative hump. We have already this year passed the most far - reaching civil rights bill in history and a $16.9 - billion military procurement measure. The tax bill which the House passed last year will be on the President's desk by the end of this week."

Albert noted that a timetable announced by the Appropriations Committee calls for final House action on all money bills before the end of the fiscal year on June 30. The first bill is due to reach the House floor late this week.

## Democrats In Midland Endorse Ernest Kline

Rudy Presutti, Midland Democratic chairman said the Borough party committee Saturday night endorsed Ernest Kline for nomination of state senator of Beaver County.

A Beaver Falls radio announcer, Kline will oppose incumbent Sen. John Carl Miller of Aliquippa for the party's nomination in the Pennsylvania primary April 28.

Presutti said the committee decided to back Kline because of support of the county Democratic ticket in last year's primary.

The committee also decided it would support all Democratic nominees in the November election.

Patriotism Citation

# Glenn Receives Award Of Notre Dame Seniors

SOUTH BEND, Ind. (AP)—Lt. Col. John Glenn Jr., America's first astronaut to orbit the earth and now a candidate for Ohio's Democratic nomination for U.S. senator, received the 11th annual Patriotism Award Monday night from the University of Notre Dame senior class.

Glenn was cited as "one of the intrepid voyagers of the ages" and "for a cosmic contribution to the epic of America."

In accepting the award the astronaut - turned - politician said:

"It is regretable that through astute propaganda the Russians have been able to equate in the minds of many people the significance of a particular space booster with the merits of our two systems of government and our two ways of live.

"It's been disheartening to see the opinion of people all over the world so affected by a simple item of hardware."

Glenn said Americans cannot begin to imagine the benefits which will eventually accrue from the space age.

Preceding the ceremony Glenn held a news conference but rejected all political questions. He said he could not discuss politics until he steps out of uniform Sunday—the day he retires from the Marine Corps and opens his campaign in Ohio.

The patriotism award highlighted Notre Dame's annual Washington Day ceremony. Previous award winners included the late President John F. Kennedy; his brother, Atty. Gen. Robert F. Kennedy; J. Edgar Hoover, FBI director, and comedian Bob Hope.

## Newell Firemen Fill Presidency

The resignations of the president and a member were received by Newell volunteer firemen at their meeting Monday night in the fire hall.

Citing reasons of health, C.R. Rayburn resigned as president, and was made an inactive member.

Richard Daugherty, an employe of New Castle Refractories, was elected new president. His five - year term on the Board of Trustees was filled with the election of Floyd Wilson, who is also assistant chief.

Melvin Whittington, a member, cited other responsibilities in his resignation.

Hillman May, vice president, presided until the election of a new president. Fifteen attended. Next meeting will be March 9.

## Clermont Might Try Out Voting Machines

BATAVIA, Ohio (AP) — Clermont County voters may get a chance this year to try out voting machines made by the Automatic Voting Machine Corp. of Springfield.

Donald W. Lawson, the firm's representative, told the County Commission Monday the devices would speed up tallying the vote and also reduce the number of precincts in the county. He was referred to the Board of Elections.

## Crash Proves Fatal

COLUMBUS, Ohio (AP)—The crash of his car into a tree has proven fatal for Garson Calhoun, 18, of Rt. 3, Mount Vernon. Injured earlier Saturday on Ohio 586 just south of Mount Vernon, Calhoun died Monday night in Riverside Methodist Hospital here.

## Southern Ruritan Initiation Held

Ed House was initiated as a new member when the Southern Ruritan Club met Monday night at the Yellow Creek United Presbyterian Church at Hillcrest.

Don Mason of Wellsville and Lodge Thorne of Lisbon were guests. Fred Leughmyer, president, conducted business. Thirty-five attended.

Plans were made for a delegation to attend a meeting of the newly - formed Jefferson Club at Knoxville March 4. The new club will receive its charter.

The club will write Rep. Clarence Wetzel, urging him to back the Highlandtown Lake project and push for its completion.

The club voted to renew its membership in the Park and Forest Association. Dale Miller of Lisbon was guest speaker. He discussed the values of freedom to the pioneer and the modern day man.

Next meeting will be March 30 at the church.

## Beloit Area Farmer In Group For Capital

LISBON — Charles A. Malmsberry of Beloit R. D. 1 will represent the 19th Congressional district as one of 20 Ohio farmers selected as Farm Bureau congressional spokesmen at Washington March 16-18, according to Wendell Weller, president of the Ohio Farm Bureau Federation.

Meetings have been arranged with Sen. Frank Lausche and Sen. Stephen Young as well as with Ohio congressmen to discuss the Farm Bureau's position on farm programs, Food for Peace, trade, federal aid to education and civil rights.

Spokesmen have been selected for virtually every congressional district. Accompanying them will be nine members of the OFB legislative committee.

## County Parks Council Will Meet Thursday

LISBON — The committee that met with the Ohio director of natural resources on Feb. 17 will report when the Columbiana County Forests and Parks Council meets Thursday at 8 p. m. in the County Extension Service office, according to Floyd Lower, secretary. The conference concerned expansion plans for Beaver Creek State Park.

Financing of the restoration of Gaston's Mill and development of the park will be discussed.

Gene Murdock, Northeast District representative of the Ohio Conservation Congress, will report on the work of his group.

The annual meeting will be held March 26 at St. George's Parish Hall, Lower said.

## 4-H News

Demonstrations by several members highlighted the meeting of the Hilltoppers 4-H Club Monday night at the home of Debbie Galeno on the Campground Rd.

Ted Owens, president, presided and devotions were led by Diana Persohn. Roll call was answered by quotations.

A report on an officers' training meeting was given by Owens and Tom Persohn. Money from a vanilla sale was collected.

Refreshments were served by the hostess.

A debate on teen - agers and their parents will be held March 9 at the home of Bill Persohn on the Campground Rd.

Contract To Cost $950

# Work Begins On General Move In City Hall Offices

Work was launched today on a $950 project that will clear the way for a general shift in the location of offices on the main floor at City Hall.

Floyd C. Cox of Campground Rd., building contractor, is performing the work under a contract let by Safety - Service Director Robert Vodrey.

When the job is completed, the director's office will be back in a two - room suite on the west side of the main corridor —its location from the time the building was erected in 1934 until a change was made in 1958.

Vodrey will move into space now occupied by Donald T. Duke, superintendent of the water and sewage departments, and an office occupied by billing machinery.

Duke's office and part of the water department operations will be shifted into an L-shaped suite of two rooms of the south of the water office. The rooms presently are occupied by Police Chief Americo J. Radeschi and the "Meter Maid" headquarters.

Chief Radeschi will move into a room adjoining the police department radio room. For many years, the room was the office of the late Chief Hugh J. McDermott. Later, it became a juvenile detention room.

The "Meter Maids" will be shifted into a new office that will be constructed by remodeling the vacant elevator shaft at the south end of the building's main corridor.

The principal phases of the $950 contract call for the remodeling of the elevator shaft section to house the "Meter Maids" and cutting a new door between the water department and the superintendent's new office.

Council provided the funds for the remodeling. Vodrey said he asked estimates of nine firms, but only three replied. Law did not require sealed bids because the expenditure totaled less than $500.

Under the administration of former Mayor Fred P. Lawrence, the traditional director's office was vacated to allow expansion in the water department's space. The director and the mayor then used the same large office, with their secretaries in an adjoining anteroom.

When the administration of former Mayor Bert H. Goodballet took office in 1960, the mayor's and director's offices were separated. The director moved to a small room in the basement, adjoining the city income tax headquarters.

The director moved back into the mayor's office when the administration of Merrill D. Hall took over Jan. 1. But the two secretaries still are in a combined adjoining office.

When the move is made, Vodrey will occupy the rear office in the two rooms and his secretary will be in space that fronts on the corridor.

The police chief and the "Metter Maids" now occupy space that was used originally as an office for Liverpool Township trustees.

The remodeling calls for erection of a counter in front of an offset leading to the unused elevator shaft. That will comprise the front of the "Meter Maid" office.

A doorway will be cut into the open shaft to form a record office for the meter checkers. A floor and a ceiling will be installed, as the shaft now is open from the building's roof to the basement.

The doorway will be cut into the south side of the water office to give Duke access to the quarters. At the same time, a customers' counter in the water department will be cut down and moved forward to give the personnel additional space.

## St. Clair Road Plans Discussed

Representatives of the Columbiana County Forests and Parks Council conferred Monday night with St. Clair Township trustees concerning improvements for Echo Dell Rd. leading to Beaver Creek State Park.

Steve Barborak of West Point and Elmer Hiles, manager of the park, asked about improvements of the road.

Trustees reported they have conferred with county commissioners about widening, slagging and oiling the road for the summer, and a representative is to study the road when weather permits.

A Pittsburgh Plate Glass Co. aide from Pittsburgh discussed prices and effectiveness of liquid calcium chloride for roads, but no action was taken.

Bills totaling $880 were paid.

# *Albert Sees Fine Record For Congress*

WASHINGTON (AP) — Rep. Carl Albert, House Democratic leader, predicted today Congress would adjourn in midsummer "with one of the best records of any Congress in history."

"We should be able to finish all of our work and get out of here before the political campaigns get under way in September," the Oklahoman said in an interview.

"As far as the House itself is concerned," Albert said, "we are over the legislative hump. We have already this year passed the most far - reaching civil rights bill in history and a $16.9 - billion military procurement measure. The tax bill which the House passed last year will be on the President's desk by the end of this week."

Albert noted that a timetable announced by the Appropriations Committee calls for final House action on all money bills before the end of the fiscal year on June 30. The first bill is due to reach the House floor late this week.

## Democrats In Midland Endorse Ernest Kline

Rudy Presutti, Midland Democratic chairman said the Borough party committee Saturday night endorsed Ernest Kline for nomination of state senator of Beaver County.

A Beaver Falls radio announcer, Kline will oppose incumbent Sen. John Carl Miller of Aliquippa for the party's nomination in the Pennsylvania primary April 28.

Presutti said the committee decided to back Kline because of support of the county Democratic ticket in last year's primary.

The committee also decided it would support all Democratic nominees in the November election.

Patriotism Citation

# Glenn Receives Award Of Notre Dame Seniors

SOUTH BEND, Ind. (AP)—Lt. Col. John Glenn Jr., America's first astronaut to orbit the earth and now a candidate for Ohio's Democratic nomination for U.S. senator, received the 11th annual Patriotism Award Monday night from the University of Notre Dame senior class.

Glenn was cited as "one of the intrepid voyagers of the ages" and "for a cosmic contribution to the epic of America."

In accepting the award the astronaut - turned - politician said:

"It is regretable that through astute propaganda the Russians have been able to equate in the minds of many people the significance of a particular space booster with the merits of our two systems of government and our two ways of live.

"It's been disheartening to see the opinion of people all over the world so affected by a simple item of hardware."

Glenn said Americans cannot begin to imagine the benefits which will eventually accrue from the space age.

Preceding the ceremony Glenn held a news conference but rejected all political questions. He said he could not discuss politics until he steps out of uniform Sunday—the day he retires from the Marine Corps and opens his campaign in Ohio.

The patriotism award highlighted Notre Dame's annual Washington Day ceremony. Previous award winners included the late President John F. Kennedy; his brother, Atty. Gen. Robert F. Kennedy; J. Edgar Hoover, FBI director, and comedian Bob Hope.

## Newell Firemen Fill Presidency

The resignations of the president and a member were received by Newell volunteer firemen at their meeting Monday night in the fire hall.

Citing reasons of health, C.R. Rayburn resigned as president, and was made an inactive member.

Richard Daugherty, an employe of New Castle Refractories, was elected new president. His five - year term on the Board of Trustees was filled with the election of Floyd Wilson, who is also assistant chief.

Melvin Whittington, a member, cited other responsibilities in his resignation.

Hillman May, vice president, presided until the election of a new president. Fifteen attended. Next meeting will be March 9.

## Clermont Might Try Out Voting Machines

BATAVIA, Ohio (AP) — Clermont County voters may get a chance this year to try out voting machines made by the Automatic Voting Machine Corp. of Springfield.

Donald W. Lawson, the firm's representative, told the County Commission Monday the devices would speed up tallying the vote and also reduce the number of precincts in the county. He was referred to the Board of Elections.

## Crash Proves Fatal

COLUMBUS, Ohio (AP)—The crash of his car into a tree has proven fatal for Garson Calhoun, 18, of Rt. 3, Mount Vernon. Injured earlier Saturday on Ohio 586 just south of Mount Vernon, Calhoun died Monday night in Riverside Methodist Hospital here.

## *Teen-Ager In Need Of Medical Help*

The unhappy teenager in today's column is seriously in need of medical help. It is small wonder she feels so desperate. Here is her story. . .

Ida Jean Kain

"Will you please do me a big favor and help me? I have two problems that probably no girl can solve. I am 14, only 4' 7" tall and weigh 121 pounds. My face is all broken out with pimples.

"I have gone on diets and have taken exercises, but still I gain. My thighs are too big and my stomach makes me look like I am expecting. I have tried using special soaps and ointments and cutting out sweets and starches. Nothing helps! My girl friends say I look ugly. This makes me so unhappy. They are all so cute and have boy friends. I need help desperately. Please!" (The last word was underlined three times.)

---

**TAKE HEART**—help is available. If there is a Teenage Clinic in your city, seek help there. If not, ask your parents to take you to a good medical man, preferably an endocrinologist.

According to the road map of growth, you are four inches shorter than the average in the short group for an age 14. This stunted growth may possibly be caused by a glandular imbalance. Certain hormones stimulate premature closure of the growth areas at the ends of the long bones. It may be that you have the adreno - genital syndrome, but probably only a specialist can tell for sure.

At age 14 you still have a chance to grow taller, provided you get the medical treatment needed.

Proper nutrition is also essential. The nutrient materials necessary to growth must be furnished in your daily meals. Make sure that high value protein be included at every meal. The foods which furnish growth-promoting protein are: Milk (skim milk and buttermilk), lean meat, fish and fowl, cheese and cottage cheese, and eggs.

—:—

**VEGETABLES**, fruits and juices, and while grain cereal and bread should make up the balance of your menus.

Your skin problems are, no doubt, tied in with your glandular irregularities.

I repeat, there is help for you. Do not let another week pass without taking steps. Put yourself in the hands of a specialist, or seek help at a clinic connected with a good medical hospital.

Send stamped, self-addressed, long envelope to Teenage Challenge. Address request to Ida Jean Kain, care of The Review. Post card requests cannot be answered.

## Ohio Man To Head Tissue Association

NEW YORK (AP)—The Tissue Association, Inc., meeting during the 87th annual Paper Week, has elected R. A. Nash, vice president of marketing and a director of Sorg Paper Co., Middletown, Ohio as president.

Nash, elected Monday, succeeds Charles N. Egan, president of Shawano Paper Mills, Shawano, Wis.

# Lisbon Slates Purchase Of Curb Meters

LISBON — Village Council agreed Monday night to purchase 210 rebuilt parking meters from the Rockwell Manufacturing Co. of Pittsburgh at a cost of $9,030.

The agreement provides the village will pay for the meters on a "lend-lease" basis at the rate of $1.25 each per month until the purchase price is fulfilled. Designed to accept pennies, nickels or dimes, the meters would replace similar devices that have been in service almost 15 years.

The contract cannot be signed until the purchase plan is cleared for legality by Solicitor Joseph Baronzzi. He is scheduled to report to Council at its next meeting.

Rockwell told Council it can furnish the rebuilt meters 30 days after the contract is signed.

Council approved a $125 allocation to permit Patrolman Kenneth McKenzie to attend a two-week interrogation and investigation school beginning March 8 at the Ohio Identification Bureau in London.

Councilman Robert Kelm reported on the refuse dump west of the village operated jointly by the village and Center Township. In a meeting with County Sanitarian Harry Stockdale Feb. 17, it was suggested that garbage could be deposited in the present dump, provided there is better supervision in covering it with earth in a sanitary landfill operation, he said.

A Council committee will confer with Center Township trustees to review the situation before action is taken. The dump is owned by the township, but the village pays for covering the refuse.

Council also authorized the purchase of a coal furnace for the village garage north of the Fairgrounds. At present the garage is provided with three gas heaters which run almost continuously. The annual gas bill totals between $700 and $800.

Councilmen said they feel a coal furnace will cost less to operate and will provide more heat. Council intends to purchase a used furnace and equip it with a blower.

Next regular meeting will be March 9 at 7:30 p. m.

## Trial Postponed

CATLETTSBURG, Ky. (AP)—The trial of two Boyd County men accused of slaying a newlywed couple in a lovers' lane two years ago has been postponed to April 27. Judge Chesley A. Lycan ordered the delay Monday when Rose Gusler, described as a "substantial witness" for defendants Arthur Rice and Philip Caskey, could not be located. Rice and Caskey are charged with murdering Donald Ray Howard, 20, and his bride, Brenda Lou Fraley Howard, 17.

# Bringing Up A Family

By DR. GARRY MEYERS

## *Hate Shouldn't Be Expressed At Home*

In his first speech before Congress, President Lyndon Johnson said, "Let us put an end to the teaching and preaching of hate and evil and violence. Let us turn away from the fanatics of the far left and the far right, from the apostles of bitterness and bigotry, from those defiant of law, and those who pour venom into our nation's blood stream." Since the tragic day of November 22, 1963, we have heard or read much about violent expressions of hate by persons and groups of persons in our nation, sometimes expressions might have helped create the atmosphere out of which our national tragedy came. A few, however, have expressed strong doubts about this matter.

Dr. Garry Meyers

—:—

**BUT WHO WOULD** doubt the ill effect on children who often hear in their home violent hates expressed — political hates, religious hates, personal hates. It's when these hates rule out all reason that they can be most harmful to listening children, even to the persons who express these hates.

It should, of course, be wholesome for children to hear their parents calmly give positive reasons for their likes of political issues and leaders, positive reasons for their own religious beliefs, even reasons for liking certain individuals or groups of people.

Also it should be wholesome for children to hear the family express reasons for not liking other political issues and leaders. These reasons should be stated calmly, without malice or hate, especially when the children are old enough to have beliefs and prejudices of their own and feel free to express them.

—:—

**BUT WHEN HATE** prevails in nearly all utterances in the family about political and religious beliefs and leaders to the degree that no virtue is acknowledged in those that are different, listening growing children can hardly learn to measure values dispassionately.

They scarcely can learn to think intelligently about the matters around which violent hates are uttered. Besides, the listening children may imitate these utterances without knowing why; they may grow more prone to hate any persons, or group of persons different from themselves.

Consider, furthermore, what it does to parents themselves when they constantly express hates. Will they not grow more cynical, less happy, even less likeable? Won't they incline to limit their friends to those who share their hates? Will they cultivate a hopeful constructive philosophy of life?

## Woman's Second Trial Continued To June 15

VANCEBURG, Ky. (AP)—The inability of a key witness to travel from her present home in Bucyrus, Ohio, has brought a continuance to June 15 in Mrs. Lucinda Fraley's second trial on murder charges. She is accused in the death of her husband, Arthur, 47, shot in the head and bound with clothesline before fire consumed his rural home last April 5.

Mrs. Mildred McKee was described at the first trial, which ended last fall with a deadlocked jury, as the "other woman" in Fraley's life. The court was told she is pregnant and has a physician's advice not to travel.

# *Man Arrested As Mental Case In Wild Shooting*

MARTINS FERRY, Ohio (AP) Bang! Bang! Bang! Three shots zinged through the window of the Italian Club Monday, over the heads of three bar patrons by inches.

Another bang! and a bullet hole put a leak in the fuel tank of David Myers' parked car. Whoom! Crackle! as the Myers car and another parked auto behind it caught fire when a cigarette lighter was thrown into the leaked gasoline.

Three more bangs! and three holes shot in the window of the confectionery Myers operates.

Altogether, a revolver - wielding man described by police as a former mental patient in a veterans' hospital fired about a dozen shots — without injuring anyone.

Police arrested Daniel Van Dyne, about 29, in his home on the block where all the action occurred. He went quietly, officers said, and was held as a mental case.

Police said family trouble had triggered Van Dyne into grabbing a revolver and setting out down the street.

## Postal Worker Cited In Theft From Mails

CLEVELAND (AP) — Burrell A. Shields Jr., a Post Office employe who once played professional football, has been charged with stealing $8 from the mails.

Shields, who played for the Baltimore Colts and Pittsburgh Steelers in the National Football League, was arraigned Monday. He waived a preliminary hearing and was released under $1,000 personal bond.

## Memorial Rites Set

KENT, Ohio (AP)—Memorial services for Dr. Olive Woodruff, 58, head of the Department of Early Childhood Education at Kent State University are scheduled for Thursday in Christ Episcopal Church here. She died Monday.

# Keep In Trim

By IDA JEAN KAIN

## *Teen-Ager In Need Of Medical Help*

The unhappy teenager in today's column is seriously in need of medical help. It is small wonder she feels so desperate. Here is her story. . .

Ida Jean Kain

"Will you please do me a big favor and help me? I have two problems that probably no girl can solve. I am 14, only 4' 7" tall and weigh 121 pounds. My face is all broken out with pimples.

"I have gone on diets and have taken exercises, but still I gain. My thighs are too big and my stomach makes me look like I am expecting. I have tried using special soaps and ointments and cutting out sweets and starches. Nothing helps! My girl friends say I look ugly. This makes me so unhappy. They are all so cute and have boy friends. I need help desperately. Please!" (The last word was underlined three times.)

---

**TAKE HEART**—help is available. If there is a Teenage Clinic in your city, seek help there. If not, ask your parents to take you to a good medical man, preferably an endocrinologist.

According to the road map of growth, you are four inches shorter than the average in the short group for an age 14. This stunted growth may possibly be caused by a glandular imbalance. Certain hormones stimulate premature closure of the growth areas at the ends of the long bones. It may be that you have the adreno - genital syndrome, but probably only a specialist can tell for sure.

At age 14 you still have a chance to grow taller, provided you get the medical treatment needed.

Proper nutrition is also essential. The nutrient materials necessary to growth must be furnished in your daily meals. Make sure that high value protein be included at every meal. The foods which furnish growth-promoting protein are: Milk (skim milk and buttermilk), lean meat, fish and fowl, cheese and cottage cheese, and eggs.

—:—

**VEGETABLES**, fruits and juices, and while grain cereal and bread should make up the balance of your menus.

Your skin problems are, no doubt, tied in with your glandular irregularities.

I repeat, there is help for you. Do not let another week pass without taking steps. Put yourself in the hands of a specialist, or seek help at a clinic connected with a good medical hospital.

Send stamped, self-addressed, long envelope to Teenage Challenge. Address request to Ida Jean Kain, care of The Review. Post card requests cannot be answered.

## Ohio Man To Head Tissue Association

NEW YORK (AP)—The Tissue Association, Inc., meeting during the 87th annual Paper Week, has elected R. A. Nash, vice president of marketing and a director of Sorg Paper Co., Middletown, Ohio as president.

Nash, elected Monday, succeeds Charles N. Egan, president of Shawano Paper Mills, Shawano, Wis.

# Lisbon Slates Purchase Of Curb Meters

LISBON — Village Council agreed Monday night to purchase 210 rebuilt parking meters from the Rockwell Manufacturing Co. of Pittsburgh at a cost of $9,030.

The agreement provides the village will pay for the meters on a "lend-lease" basis at the rate of $1.25 each per month until the purchase price is fulfilled. Designed to accept pennies, nickels or dimes, the meters would replace similar devices that have been in service almost 15 years.

The contract cannot be signed until the purchase plan is cleared for legality by Solicitor Joseph Baronzzi. He is scheduled to report to Council at its next meeting.

Rockwell told Council it can furnish the rebuilt meters 30 days after the contract is signed.

Council approved a $125 allocation to permit Patrolman Kenneth McKenzie to attend a two-week interrogation and investigation school beginning March 8 at the Ohio Identification Bureau in London.

Councilman Robert Kelm reported on the refuse dump west of the village operated jointly by the village and Center Township. In a meeting with County Sanitarian Harry Stockdale Feb. 17, it was suggested that garbage could be deposited in the present dump, provided there is better supervision in covering it with earth in a sanitary landfill operation, he said.

A Council committee will confer with Center Township trustees to review the situation before action is taken. The dump is owned by the township, but the village pays for covering the refuse.

Council also authorized the purchase of a coal furnace for the village garage north of the Fairgrounds. At present the garage is provided with three gas heaters which run almost continuously. The annual gas bill totals between $700 and $800.

Councilmen said they feel a coal furnace will cost less to operate and will provide more heat. Council intends to purchase a used furnace and equip it with a blower.

Next regular meeting will be March 9 at 7:30 p. m.

## Trial Postponed

CATLETTSBURG, Ky. (AP)—The trial of two Boyd County men accused of slaying a newlywed couple in a lovers' lane two years ago has been postponed to April 27. Judge Chesley A. Lycan ordered the delay Monday when Rose Gusler, described as a "substantial witness" for defendants Arthur Rice and Philip Caskey, could not be located. Rice and Caskey are charged with murdering Donald Ray Howard, 20, and his bride, Brenda Lou Fraley Howard, 17.

## *Hate Shouldn't Be Expressed At Home*

In his first speech before Congress, President Lyndon Johnson said, "Let us put an end to the teaching and preaching of hate and evil and violence. Let us turn away from the fanatics of the far left and the far right, from the apostles of bitterness and bigotry, from those defiant of law, and those who pour venom into our nation's blood stream." Since the tragic day of November 22, 1963, we have heard or read much about violent expressions of hate by persons and groups of persons in our nation, sometimes expressions might have helped create the atmosphere out of which our national tragedy came. A few, however, have expressed strong doubts about this matter.

Dr. Garry Meyers

—:—

**BUT WHO WOULD** doubt the ill effect on children who often hear in their home violent hates expressed — political hates, religious hates, personal hates. It's when these hates rule out all reason that they can be most harmful to listening children, even to the persons who express these hates.

It should, of course, be wholesome for children to hear their parents calmly give positive reasons for their likes of political issues and leaders, positive reasons for their own religious beliefs, even reasons for liking certain individuals or groups of people.

Also it should be wholesome for children to hear the family express reasons for not liking other political issues and leaders. These reasons should be stated calmly, without malice or hate, especially when the children are old enough to have beliefs and prejudices of their own and feel free to express them.

—:—

**BUT WHEN HATE** prevails in nearly all utterances in the family about political and religious beliefs and leaders to the degree that no virtue is acknowledged in those that are different, listening growing children can hardly learn to measure values dispassionately.

They scarcely can learn to think intelligently about the matters around which violent hates are uttered. Besides, the listening children may imitate these utterances without knowing why; they may grow more prone to hate any perspons, or group of persons different from themselves.

Consider, furthermore, what it does to parents themselves when they constantly express hates. Will they not grow more cynical, less happy, even less likeable? Won't they incline to limit their friends to those who share their hates? Will they cultivate a hopeful constructive philosophy of life?

## Woman's Second Trial Continued To June 15

VANCEBURG, Ky. (AP)—The inability of a key witness to travel from her present home in Bucyrus, Ohio, has brought a continuance to June 15 in Mrs. Lucinda Fraley's second trial on murder charges. She is accused in the death of her husband, Arthur, 47, shot in the head and bound with clothesline before fire consumed his rural home last April 5.

Mrs. Mildred McKee was described at the first trial, which ended last fall with a deadlocked jury, as the "other woman" in Fraley's life. The court was told she is pregnant and has a physician's advice not to travel.

# *Man Arrested As Mental Case In Wild Shooting*

MARTINS FERRY, Ohio (AP) Bang! Bang! Bang! Three shots zinged through the window of the Italian Club Monday, over the heads of three bar patrons by inches.

Another bang! and a bullet hole put a leak in the fuel tank of David Myers' parked car. Whoom! Crackle! as the Myers car and another parked auto behind it caught fire when a cigarette lighter was thrown into the leaked gasoline.

Three more bangs! and three holes shot in the window of the confectionery Myers operates.

Altogether, a revolver - wielding man described by police as a former mental patient in a veterans' hospital fired about a dozen shots — without injuring anyone.

Police arrested Daniel Van Dyne, about 29, in his home on the block where all the action occurred. He went quietly, officers said, and was held as a mental case.

Police said family trouble had triggered Van Dyne into grabbing a revolver and setting out down the street.

## Postal Worker Cited In Theft From Mails

CLEVELAND (AP) — Burrell A. Shields Jr., a Post Office employe who once played professional football, has been charged with stealing $8 from the mails.

Shields, who played for the Baltimore Colts and Pittsburgh Steelers in the National Football League, was arraigned Monday. He waived a preliminary hearing and was released under $1,000 personal bond.

## Memorial Rites Set

KENT, Ohio (AP)—Memorial services for Dr. Olive Woodruff, 58, head of the Department of Early Childhood Education at Kent State University are scheduled for Thursday in Christ Episcopal Church here. She died Monday.

# Rogers Airs Power Costs

ROGERS — Use of time clocks on Village Hall equipment and checks on power meters at private homes were planned at a special meeting of Council with representatives of the Ohio Edison Co. Monday night.

About 30 residents attended the session of Council at which Dean Beck and William Reedshaw of Salem, power firm officials, discussed the electric service and rates.

Power expenses for the Village Hall were compared, showing 984 kilowatt hours used in January 1963 and 1,098 in January 1964, and 774 kilowatt hours used in February 1963 and 1,106 in the present billing period.

The officials pointed out a rate increase had been granted the utility in November, resulting in some of the cost hikes.

They suggested time clocks be placed on the furnace and hot water heater at the Village Hall, and Council authorized this power control for a trial period.

Council also authorized a flat rate for power for the double traffic signals on Route 7 operated from the Hall. The wiring will be changed when weather permits.

A serviceman will survey the time clock arrangement Wednesday. If power to the traffic signals has to be suspended for a while, a police constable will be on duty.

Beck said in answer to reports of low power from some residents, a serviceman will check the homes of those requesting it.

Council will meet in regular session Monday night.

# *Honor Society At Lisbon High Seats 9 Students*

LISBON — Four seniors and five juniors at David Anderson High School, elected to the National Honor Society this month, were inducted Monday.

Kenneth E. Wable, assistant professor of physical education and football coach at Mt. Union College, was guest speaker.

Seniors selected were Diana Boso, Norma Crook, Cynthia Hall and William Higgins.

Juniors were Janet Armstrong, Joyce Foster, Glenna Logston, Barbara Peterson and Nancy Ramsey.

Principal George Nace said 58 boys and 136 girls have been elected to the chapter from 1945 through 1963.

# Daw Junior High Spellers Named

Representatives to the Wellsville spelling bee were selected by Daw Junior High School in a series of spell downs which ended Monday.

There are four seventh grade groups and two were selected from each. They are Mattie Coleman, Graylen Waggoner, Karen Hensley, Susan McDevitt, Renee Dawson, Linda Beaver, Arthur Geisse, and Roger McBee.

Two each were chosen from the five eighth grade groups. They are Joseph Scarabino, Janet Maylone, Eddie Mae Murphy, Patrick Mason, Penny Pringle, Janice Pease, Cathy Lewis, Cynthia Brooks, Ezell Foster and Carl Davis.

Donald Lowe is Daw Junior High principal. The city spelling bee will be March 4 at MacDonald School.

## 4 District Students On Geneva Honor Roll

Four district students are among 133 named to the honor list for the first semester at Geneva College at Beaver Falls.

They are Nancy Baker of East Liverpool, a senior; Janet Williams of Industry, a junior, and Mrs. Gladys Kozora of Wellsville and Paula Stanyard of East Palestine, sophomores.

All except Mrs. Kozora are day students. Miss Stanyard earned a straight A average.

## Telstar Project Aired For Ham Radio Group

About 20 attended a meeting of the Triangle Amateur Radio Club Monday night at the Ohio Power Co. at which Donald Honicky of the Ohio Bell Telephone Co. spoke and screened slides on the Telstar satellite.

Honicky, commercial manager of the East Liverpool district, who recently visited the Bell System laboratories in New Jersey, described the planning, construction and operation of the communications satellite.

# *Chief Presented Award*

Police Chief Americo Radeschi was presented an award of merit Monday afternoon by the Child Safety Council of Jackson, Mich., for his efforts in helping curtail the child accident rate in East Liverpool.

The presentation was made by Paul Harryhill, area safety co-ordinator for the CSC.

The certificate said the award is presented to Chief Radeschi "in grateful appreciation of the interest he has shown and action he has taken" and for "accepting the responsibilities connected with effective presentation and distribution of CSC visual educational safety materials and services to children."

The program was instituted by the chief six years ago. The CSC presents special booklets containing puzzles, games and pictures all aimed at safety and also maintains a library of safety films available to the schools.

Area merchants help defray the cost of the program, Harryhill said.

# *Nurse Scholarship Due For Oak Glen Students*

NEW CUMBERLAND — The Young Women's Club has created a nursing education scholarship for girls of Oak Glen High School.

The project has been approved by Principal E. Russell Slack, and the club will establish a fund to which members will contribute monthly. Mrs. Dean Chamberlain is chairman.

—:—

SENIOR students from Oak Glen are preparing entries in the Hallmark Art Contest sponsored nationally by the General Federation of Women's Clubs, according to Mrs. John P. Jones, art department chairman.

The state eliminations in the contest will take place at the state convention March 12-14 at White Sulphur Springs. Mrs. Jones said the club has entered the state art program contest, and that club members are also entering paintings in the art competition for the state convention.

A tentative program for exhibitions of the art worship at Swaney Memorial Library has been announced by Mrs. Jones. Included will be the annual open competitive show during April and a one-man show by Wesley Wagner of Wheeling.

—:—

A NEW class, instructed by Lewis Kesling of Weirton, is continuing and new students are being accepted during February. Meetings are held from 7 to 10 p. m. each Friday.

Mrs. Chamberlain said the new recreation center at the Community House will open Thursday night, but applications for membership must be picked up from 4 to 5 during this week, signed by the parents, and returned by the children. Cost of membership is 25 cents for students, and 50 for adults. Only Clay District residents are eligible for membership. John Kuzio is supervisor for the recreation program.

The club will sponsor a public card party tonight at 8 at the VFW Hall.

—:—

SIX members expect to attend the federation convention at the Greenbrier Hotel in White Sulphur Springs March 12-14, according to Miss Rose Marie Patterson, president.

Mrs. Grant Lowe has been named chairman of the nominating committee, and members are Mrs. Charles Mitchell, Mrs. Eddie Reese, Mrs. William Swearingen, and Mrs. Ray McKitrick. The committee will report March 19.

Mrs. Robert Swearingen has been named as a prospective new member. Mrs. Don LeMasters is membership chairman.

—:—

THE CLUB will meet March 19, with the program to feature a talk by James Locke, East Liverpool jeweler, on "Exploring the World of Gems." Mrs. Edwin Flowers, program chairman, announced that a "hat show" with each member displaying her new Easter bonnet or a homemade creation will also be a feature. Awards will be made in the hat contest.

## South Side Auxiliary Juniors Make Favors

Easter favors for patients at the Deshon Veterans Hospital were made by members of the Junior Auxiliary of South Side American Legion Post 952 at their meeting Monday evening at the Legion hall at Hookstown.

Debbie Sando was accepted as a new member and a discussion was held on future auxiliary plans. Mrs. Mary Bellich and Mrs. Ruth Leeper were guests from the senior auxiliary. Deloris Rommes chairman, presided. Next meeting will be March 30 at the post home.

## City Driver Fined $15 At Court In Palestine

Stephen Taylor of Gardendale St. was fined $15 and costs Monday by County Judge Herbert Arfman of East Palestine for failure to stop at an intersection.

James Davis Jr. of Lisbon R. D. 5 forfeited a $15 bond on a speeding charge.

James R. Golladay of Rogers was fined $10 and costs for owning an unlicensed dog. The fine was suspended after he testified he had obtained a license after the citation.

# *Rhodes Reported Backing Plan To Form '3rd Force'*

WASHINGTON (AP) — Ohio Gov. James A. Rhodes was reported today to be backing efforts to organize a bloc of Northern tier states as a "third force" in the contest for the Republican presidential nomination.

Rhodes was said by influential Republicans to be urging that Ohio, Pennsylvania and New Jersey delegations to the July San Francisco convention line up behind Gov. William W. Scranton of Pennsylvania in a combined "favorite son" operation.

The ambitious undertaking would be designed to weld the Northern industrial states into a convention bloc that would command enough votes to prevent the nomination of either Sen. Barry Goldwater, R - Ariz., or New York Gov. Nelson A. Rockefeller in the early balloting.

Whether Scranton would be the ultimate beneficiary of any such bloc's votes or merely would serve as a rallying point for the early maneuvering, presumably would depend on convention developments.

Plans for the formation of the bloc are not confined to Ohio, Pennsylvania and New Jersey.

## Hearing Reset For 2 Boys In School Theft

Hearing for the two East Liverpool brothers, 10 and 11, who admitted burglarizing the Taft School, was continued Monday to March 5, according to James Miller, county juvenile officer.

The pair admitted Wednesday breaking a window in the north side of the building and taking 95 cents from pupils' desks and two bottles of soda pop, police said.

# Rogers Airs Power Costs

ROGERS — Use of time clocks on Village Hall equipment and checks on power meters at private homes were planned at a special meeting of Council with representatives of the Ohio Edison Co. Monday night.

About 30 residents attended the session of Council at which Dean Beck and William Reedshaw of Salem, power firm officials, discussed the electric service and rates.

Power expenses for the Village Hall were compared, showing 984 kilowatt hours used in January 1963 and 1,098 in January 1964, and 774 kilowatt hours used in February 1963 and 1,106 in the present billing period.

The officials pointed out a rate increase had been granted the utility in November, resulting in some of the cost hikes.

They suggested time clocks be placed on the furnace and hot water heater at the Village Hall, and Council authorized this power control for a trial period.

Council also authorized a flat rate for power for the double traffic signals on Route 7 operated from the Hall. The wiring will be changed when weather permits.

A serviceman will survey the time clock arrangement Wednesday. If power to the traffic signals has to be suspended for a while, a police constable will be on duty.

Beck said in answer to reports of low power from some residents, a serviceman will check the homes of those requesting it.

Council will meet in regular session Monday night.

# *Honor Society At Lisbon High Seats 9 Students*

LISBON — Four seniors and five juniors at David Anderson High School, elected to the National Honor Society this month, were inducted Monday.

Kenneth E. Wable, assistant professor of physical education and football coach at Mt. Union College, was guest speaker.

Seniors selected were Diana Boso, Norma Crook, Cynthia Hall and William Higgins.

Juniors were Janet Armstrong, Joyce Foster, Glenna Logston, Barbara Peterson and Nancy Ramsey.

Principal George Nace said 58 boys and 136 girls have been elected to the chapter from 1945 through 1963.

# Daw Junior High Spellers Named

Representatives to the Wellsville spelling bee were selected by Daw Junior High School in a series of spell downs which ended Monday.

There are four seventh grade groups and two were selected from each. They are Mattie Coleman, Graylen Waggoner, Karen Hensley, Susan McDevitt, Renee Dawson, Linda Beaver, Arthur Geisse, and Roger McBee.

Two each were chosen from the five eighth grade groups. They are Joseph Scarabino, Janet Maylone, Eddie Mae Murphy, Patrick Mason, Penny Pringle, Janice Pease, Cathy Lewis, Cynthia Brooks, Ezell Foster and Carl Davis.

Donald Lowe is Daw Junior High principal. The city spelling bee will be March 4 at MacDonald School.

## 4 District Students On Geneva Honor Roll

Four district students are among 133 named to the honor list for the first semester at Geneva College at Beaver Falls.

They are Nancy Baker of East Liverpool, a senior; Janet Williams of Industry, a junior, and Mrs. Gladys Kozora of Wellsville and Paula Stanyard of East Palestine, sophomores.

All except Mrs. Kozora are day students. Miss Stanyard earned a straight A average.

## Telstar Project Aired For Ham Radio Group

About 20 attended a meeting of the Triangle Amateur Radio Club Monday night at the Ohio Power Co. at which Donald Honicky of the Ohio Bell Telephone Co. spoke and screened slides on the Telstar satellite.

Honicky, commercial manager of the East Liverpool district, who recently visited the Bell System laboratories in New Jersey, described the planning, construction and operation of the communications satellite.

For Child Safety Steps

# *Chief Presented Award*

Police Chief Americo Radeschi was presented an award of merit Monday afternoon by the Child Safety Council of Jackson, Mich., for his efforts in helping curtail the child accident rate in East Liverpool.

The presentation was made by Paul Harryhill, area safety co-ordinator for the CSC.

The certificate said the award is presented to Chief Radeschi "in grateful appreciation of the interest he has shown and action he has taken" and for "accepting the responsibilities connected with effective presentation and distribution of CSC visual educational safety materials and services to children."

The program was instituted by the chief six years ago. The CSC presents special booklets containing puzzles, games and pictures all aimed at safety and also maintains a library of safety films available to the schools.

Area merchants help defray the cost of the program, Harryhill said.

# *Nurse Scholarship Due For Oak Glen Students*

NEW CUMBERLAND — The Young Women's Club has created a nursing education scholarship for girls of Oak Glen High School.

The project has been approved by Principal E. Russell Slack, and the club will establish a fund to which members will contribute monthly. Mrs. Dean Chamberlain is chairman.

—:—

SENIOR students from Oak Glen are preparing entries in the Hallmark Art Contest sponsored nationally by the General Federation of Women's Clubs, according to Mrs. John P. Jones, art department chairman.

The state eliminations in the contest will take place at the state convention March 12-14 at White Sulphur Springs. Mrs. Jones said the club has entered the state art program contest, and that club members are also entering paintings in the art competition for the state convention.

A tentative program for exhibitions of the art worship at Swaney Memorial Library has been announced by Mrs. Jones. Included will be the annual open competitive show during April and a one-man show by Wesley Wagner of Wheeling.

—:—

A NEW class, instructed by Lewis Kesling of Weirton, is continuing and new students are being accepted during February. Meetings are held from 7 to 10 p. m. each Friday.

Mrs. Chamberlain said the new recreation center at the Community House will open Thursday night, but applications for membership must be picked up from 4 to 5 during this week, signed by the parents, and returned by the children. Cost of membership is 25 cents for students, and 50 for adults. Only Clay District residents are eligible for membership. John Kuzio is supervisor for the recreation program.

The club will sponsor a public card party tonight at 8 at the VFW Hall.

—:—

SIX members expect to attend the federation convention at the Greenbrier Hotel in White Sulphur Springs March 12-14, according to Miss Rose Marie Patterson, president.

Mrs. Grant Lowe has been named chairman of the nominating committee, and members are Mrs. Charles Mitchell, Mrs. Eddie Reese, Mrs. William Swearingen, and Mrs. Ray McKitrick. The committee will report March 19.

Mrs. Robert Swearingen has been named as a prospective new member. Mrs. Don LeMasters is membership chairman.

—:—

THE CLUB will meet March 19, with the program to feature a talk by James Locke, East Liverpool jeweler, on "Exploring the World of Gems." Mrs. Edwin Flowers, program chairman, announced that a "hat show" with each member displaying her new Easter bonnet or a homemade creation will also be a feature. Awards will be made in the hat contest.

## South Side Auxiliary Juniors Make Favors

Easter favors for patients at the Deshon Veterans Hospital were made by members of the Junior Auxiliary of South Side American Legion Post 952 at their meeting Monday evening at the Legion hall at Hookstown.

Debbie Sando was accepted as a new member and a discussion was held on future auxiliary plans. Mrs. Mary Bellich and Mrs. Ruth Leeper were guests from the senior auxiliary. Deloris Rommes chairman, presided. Next meeting will be March 30 at the post home.

James R. Golladay of Rogers was fined $10 and costs for owning an unlicensed dog. The fine was suspended after he testified he had obtained a license after the citation.

# *Rhodes Reported Backing Plan To Form '3rd Force'*

WASHINGTON (AP) — Ohio Gov. James A. Rhodes was reported today to be backing efforts to organize a bloc of Northern tier states as a "third force" in the contest for the Republican presidential nomination.

Rhodes was said by influential Republicans to be urging that Ohio, Pennsylvania and New Jersey delegations to the July San Francisco convention line up behind Gov. William W. Scranton of Pennsylvania in a combined "favorite son" operation.

The ambitious undertaking would be designed to weld the Northern industrial states into a convention bloc that would command enough votes to prevent the nomination of either Sen. Barry Goldwater, R - Ariz., or New York Gov. Nelson A. Rockefeller in the early balloting.

Whether Scranton would be the ultimate beneficiary of any such bloc's votes or merely would serve as a rallying point for the early maneuvering, presumably would depend on convention developments.

Plans for the formation of the bloc are not confined to Ohio, Pennsylvania and New Jersey.

## Hearing Reset For 2 Boys In School Theft

Hearing for the two East Liverpool brothers, 10 and 11, who admitted burglarizing the Taft School, was continued Monday to March 5, according to James Miller, county juvenile officer.

The pair admitted Wednesday breaking a window in the north side of the building and taking 95 cents from pupils' desks and two bottles of soda pop, police said.

# Potters Hurry To Tourney Sidelines On 65-41 Loss

## Toronto Hands ELHS 5th Straight Defeat In Sectional Play

By BOB DUFFY
Review Sports Editor

The tourney jinx, which has followed Jim Harris since he took over as head basketball coach at East Liverpool five years ago, continued Monday night as the Potters were bounced out of the Sectional Class AA firing, 65-41, by Toronto.

East Liverpool saved one of its worst performances of the season for the tournament opener played before some 1,100 fans at the Community Arena in Steubenville.

The loss was the fifth straight in the Sectional opener for the Potters and all have been under Harris.

Toronto was the same team East Liverpool defeated, 69-65, about one month ago on the Red Knight's court but the Potters became a 24-point loser last night.

—:—

IN WINNING, Coach Paul Kalivoda's squad now faces the winner of the Wellsville-Steubenville Central game. Wellsville and Central will clash Wednesday in the first game at 7:15 p. m. with the Wintersville-Steubenville Big Red battle to follow at 8:30.

Wintersville advanced last night but had to come from behind to defeat winless Jefferson Union, 61-54.

The Potters lacked everything a team needs in tournament play, including shooting, defense, rebounding and all-around hustle.

—:—

TORONTO was not that sharp itself and in all probability about any team in the Sectional Class AA tournament, including winless Jefferson Union, could have defeated the Potters with the performance they put on last night.

East Liverpool, which had been a hot club in the last part of the season in winning its last five of six games before meeting Weirton Friday night, cooled off completely for its tourney start.

The Potters only took 59 shots and showed only 15 field goals for a sub par 25 per cent shooting mark.

—:—

TORONTO moved out to a 13-9 first period lead and by halftime had shot in front, 35-25. East Liverpool was headed for the tournament sidelines by the time the third quarter ended, trailing 52-34.

The Blue and White led only once during the contest and that was in the opening minutes. After an 8-8 tie in the first quarter, Toronto went in front and stayed there until the final buzzer.

—:—

PAUL SAXTON, the 6-2 pivot man for Toronto, proved the big difference as he hooped 23 points, with 14 coming in the second quarter when the Red Knights made their big jump in front.

Tom Coulter, the good shooting 5-10 guard for Toronto, finished far under his 23-point average with 14 points.

—:—

SAXTON had a field day under the Potter boards, putting up rebounds and scoring on turn around jump shots. His flurry in the second quarter, which included six field goals, found the Potters asleep at times.

East Liverpool showed an all-around poor performance. Frank McComas, who has been hitting the nets pretty regular in the last part of the season, dropped to 13 points last night.

—:—

McCOMAS got off to a good start in the first quarter but seemed to cool off and like the rest of the Potters was not much of a scoring threat the rest of the way.

He was the only Potter in the double figures as Bob Forzano wound up with nine points. McComas only took 11 shots and hit five field goals.

The Potters wound up the season with an overall record of 9-10.

### *Contact Don Lowe For Tiger Tickets*

Wellsville High fans in need of tickets for the Wellsville-Steubenville Central Catholic tournament game Wednesday at the Community Arena may contact Don Lowe, faculty manager, at the high school. Adult tickets are $1 and are general admission, Lowe said.

EAST LIVERPOOL'S Randy Stover (34) got this shot off in time to score in the first quarter Monday night at Steubenville but almost had it blocked by Toronto's Bob Urich (24). Behind Stover is Toronto's Paul Saxton (22) who scored 23 points to pace the Red Knight's in a 65-41 victory.

## Liston Steps Into Ring As 7-1 Favorite

### ★ ★ ★ Fast Knockout Expected Tonight ★ ★ ★

By WILL GRIMSLEY
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—Heavyweight champion Sonny Liston, the brooding destroyer, is an overwhelming 7-1 favorite—with virtually no betting — to burst the fabulous bubble of the brash bard from Louisville, Cassius Clay, tonight.

Most observers predict the lights will go out for the boastful, poem-spouting challenger within minutes, perhaps seconds, after the scheduled 10 p.m. EST opening gong in Miami Beach's pink-and-blue Convention Hall.

The fastest knockout on record in a heavyweight championship is one minute, 28 seconds, scored by Tommy Burns over Jem Roach March 17, 1908, and many are convinced this old mark will be broken.

"I won't be trying for a record, but I am for a quick knockout," Liston said. "It will be over as soon as I catch him." Sudden demolition has become the theme of Liston's awesome fists.

He has knocked out his last three opponents — Albert Westphal of Germany and former titleholder Floyd Patterson, twice—in the first round, using a total of 6 minutes, 14 seconds.

The 23-year-old Clay, who says he "floats like a butterfly and stings like a bee," refused right up to the zero hour to assume the role of a man waiting for the modern guillotine.

"I'll outbox him in seven rounds and knock him out in the eighth," he insisted, adding his favorite poetic twist: "I'm predicting eight to prove I'm great."

His never-ending spiel of "I'm the king—I'm the greatest" has failed to make a dent however, on boxing fans, who must shell out on a scale of $20 to $250 for one of the 16,000 seats. Indications were that they would stay away in droves.

Needing $800,000 to break even on the venture, promoter Bill MacDonald, the self-made Miami millionaire, said sales had reached only $330,000 and that only a last minute rush for the ticket windows could save him from a financial bath.

Meanwhile, a vast closed circuit television network, covering 269 theaters and arenas in the United States and Canada, is expected to gross between $4 and $5 million, assuring both fighters a handsome pay day.

If the over-all figure reaches $5 million, Liston, who also has a half-share in the parent promotional setup, stands to earn $1,360,000. Clay could draw $600,000, not bad for a young man who was an amateur four years ago on Uncle Sam's Olympic boxing team and who has literally gabbed himself to the threshold of the sports greatest prize.

The bout will be televised to Europe via satellite communication and will be broadcast nationally by the American Broadcasting Company.

A victory for the Louisville Lip—regarded as something in the miracle category — would provide one of the upsets of the century and one of the most astounding success stories in sports history.

## Pete's, Reds Remain Tied

## Bloor's Top Bright's In City League

A two - way tie remained for the City Basketball League lead after George Bright's, who was deadlocked for first place last week, was upset by Bloor's Pharmacy in action Monday night on the Westgate court.

Uncle Pete's and the Tri-State Reds remained in a dog fight for the lead with each recording its fifth victory in six starts.

Uncle Pete's topped winless Robert's Sunoco by an 89-59 count and the Tri - State Reds almost hit the 100 - point mark in routing Chester VFW, 98-70. Bloor's captured its third game in six starts by surprising Bright's, 59-55.

Ray (Pick) Rolley with 24 points and Franklin Jackson's 18 markers kept Uncle Pete's on top. Pete Chefalo's five grabbed a 42-28 halftime lead and coasted the rest of the way. John Pape, Beaver Local cage coach, took scoring honors in the game with 25 to pace Robert's.

A one-two scoring combination of Jack Thayer, former New Cumberland ace and Jim Potts was about all that was needed to keep the Tri - State Reds in the first place tie.

The two former quarterbacks combined for 58 points with Thayer sizzling the nets for 32 and Potts added 26.

The Chester five led 36-34 at halftime but fell behind at the end of the third quarter 61-51. Frank Kenney was equally as accurate for Chester in a losing cause by garnering 32 points.

George Bright's made a vain attempt to catch Bloor's before bowing last night. Trailing 33-26 at halftime, Bright's tied the game at 42-42 after three periods but lost it in the final period.

Willie Cook's 15 points paced Bloor's while Don Creas and Milt (the Stilt) Martin added 11 each. Bevo Francis led Bright's with 20 points while Roger Linville contributed 15 and Jim (Alex) Cunningham came out of retirement to tally 14 markers.

## Wintersville Gets Scare Before JU Falls, 61-54

STEUBENVILLE — Coach Bob Alpino's Jefferson Union team, which came into the Sectional Class AA tournament with 18 straight defeats, led for over three quarters before bowing to Wintersville, 61-54, here Monday night.

JU had jumped out to a 23-13 first quarter lead and maintained that margin with a 35-25 gap at halftime. The Yellowjackets continued the lead 45-37 at the end of the third period but tumbled in the final eight minutes.

Jim Torrance paced Wintersville with 20 points while Jerry Yoakam, one of the leading scorers in the valley was held to 17. High for JU was Jack Tarr who dropped in 17.

# Potters Hurry To Tourney Sidelines On 65-41 Loss

## Toronto Hands ELHS 5th Straight Defeat In Sectional Play

By BOB DUFFY
Review Sports Editor

The tourney jinx, which has followed Jim Harris since he took over as head basketball coach at East Liverpool five years ago, continued Monday night as the Potters were bounced out of the Sectional Class AA firing, 65-41, by Toronto.

East Liverpool saved one of its worst performances of the season for the tournament opener played before some 1,100 fans at the Community Arena in Steubenville.

The loss was the fifth straight in the Sectional opener for the Potters and all have been under Harris.

Toronto was the same team East Liverpool defeated, 69-65, about one month ago on the Red Knight's court but the Potters became a 24-point loser last night.

—:—

**IN WINNING,** Coach Paul Kalivoda's squad now faces the winner of the Wellsville-Steubenville Central game. Wellsville and Central will clash Wednesday in the first game at 7:15 p. m. with the Wintersville-Steubenville Big Red battle to follow at 8:30.

Wintersville advanced last night but had to come from behind to defeat winless Jefferson Union, 61-54.

The Potters lacked everything a team needs in tournament play, including shooting, defense, rebounding and all-around hustle.

—:—

**TORONTO** was not that sharp itself and in all probability about any team in the Sectional Class AA tournament, including winless Jefferson Union, could have defeated the Potters with the performance they put on last night.

East Liverpool, which had been a hot club in the last part of the season in winning its last five of six games before meeting Weirton Friday night, cooled off completely for its tourney start.

The Potters only took 59 shots and showed only 15 field goals for a sub par 25 per cent shooting mark.

—:—

**TORONTO** moved out to a 13-9 first period lead and by halftime had shot in front, 35-25. East Liverpool was headed for the tournament sidelines by the time the third quarter ended, trailing 52-34.

The Blue and White led only once during the contest and that was in the opening minutes. After an 8-8 tie in the first quarter, Toronto went in front and stayed there until the final buzzer.

—:—

**PAUL SAXTON,** the 6-2 pivot man for Toronto, proved the big difference as he hooped 23 points, with 14 coming in the second quarter when the Red Knights made their big jump in front.

Tom Coulter, the good shooting 5-10 guard for Toronto, finished far under his 23-point average with 14 points.

—:—

**SAXTON** had a field day under the Potter boards, putting up rebounds and scoring on turn around jump shots. His flurry in the second quarter, which included six field goals, found the Potters asleep at times.

East Liverpool showed an all-around poor performance. Frank McComas, who has been hitting the nets pretty regular in the last part of the season, dropped to 13 points last night.

—:—

**McCOMAS** got off to a good start in the first quarter but seemed to cool off and like the rest of the Potters was not much of a scoring threat the rest of the way.

He was the only Potter in the double figures as Bob Forzano wound up with nine points. McComas only took 11 shots and hit five field goals.

The Potters wound up the season with an overall record of 9-10.

Wellsville High fans in need of tickets for the Wellsville-Steubenville Central Catholic tournament game Wednesday at the Community Arena may contact Don Lowe, faculty manager, at the high school. Adult tickets are $1 and are general admission, Lowe said.

EAST LIVERPOOL'S Randy Stover (34) got this shot off in time to score in the first quarter Monday night at Steubenville but almost had it blocked by Toronto's Bob Urich (24). Behind Stover is Toronto's Paul Saxton (22) who scored 23 points to pace the Red Knight's in a 65-41 victory.

## Liston Steps Into Ring As 7-1 Favorite

### ★ ★ ★ Fast Knockout Expected Tonight ★ ★ ★

By WILL GRIMSLEY
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—Heavyweight champion Sonny Liston, the brooding destroyer, is an overwhelming 7-1 favorite—with virtually no betting — to burst the fabulous bubble of the brash bard from Louisville, Cassius Clay, tonight.

Most observers predict the lights will go out for the boastful, poem-spouting challenger within minutes, perhaps seconds, after the scheduled 10 p.m. EST opening gong in Miami Beach's pink-and-blue Convention Hall.

The fastest knockout on record in a heavyweight championship is one minute, 28 seconds, scored by Tommy Burns over Jem Roach March 17, 1908, and many are convinced this old mark will be broken.

"I won't be trying for a record, but I am for a quick knockout," Liston said. "It will be over as soon as I catch him." Sudden demolition has become the theme of Liston's awesome fists.

He has knocked out his last three opponents — Albert Westphal of Germany and former titleholder Floyd Patterson, twice—in the first round, using a total of 6 minutes, 14 seconds.

The 23-year-old Clay, who says he "floats like a butterfly and stings like a bee," refused right up to the zero hour to assume the role of a man waiting for the modern guillotine.

"I'll outbox him in seven rounds and knock him out in the eighth," he insisted, adding his favorite poetic twist: "I'm predicting eight to prove I'm great."

His never-ending spiel of "I'm the king—I'm the greatest" has failed to make a dent however, on boxing fans, who must shell out on a scale of $20 to $250 for one of the 16,000 seats. Indications were that they would stay away in droves.

Needing $800,000 to break even on the venture, promoter Bill MacDonald, the self-made Miami millionaire, said sales had reached only $330,000 and that only a last minute rush for the ticket windows could save him from a financial bath.

Meanwhile, a vast closed circuit television network, covering 269 theaters and arenas in the United States and Canada, is expected to gross between $4 and $5 million, assuring both fighters a handsome pay day.

If the over-all figure reaches $5 million, Liston, who also has a half-share in the parent promotional setup, stands to earn $1,360,000. Clay could draw $600,000, not bad for a young man who was an amateur four years ago on Uncle Sam's Olympic boxing team and who has literally gabbed himself to the threshold of the sports greatest prize.

The bout will be televised to Europe via satellite communication and will be broadcast nationally by the American Broadcasting Company.

A victory for the Louisville Lip—regarded as something in the miracle category — would provide one of the upsets of the century and one of the most astounding success stories in sports history.

## Pete's, Reds Remain Tied

## Bloor's Top Bright's In City League

A two - way tie remained for the City Basketball League lead after George Bright's, who was deadlocked for first place last week, was upset by Bloor's Pharmacy in action Monday night on the Westgate court.

Uncle Pete's and the Tri-State Reds remained in a dog fight for the lead with each recording its fifth victory in six starts.

Uncle Pete's topped winless Robert's Sunoco by an 89-59 count and the Tri - State Reds almost hit the 100 - point mark in routing Chester VFW, 98-70. Bloor's captured its third game in six starts by surprising Bright's, 59-55.

Ray (Pick) Rolley with 24 points and Franklin Jackson's 18 markers kept Uncle Pete's on top. Pete Chefalo's five grabbed a 42-28 halftime lead and coasted the rest of the way. John Pape, Beaver Local cage coach, took scoring honors in the game with 25 to pace Robert's.

A one-two scoring combination of Jack Thayer, former New Cumberland ace and Jim Potts was about all that was needed to keep the Tri - State Reds in the first place tie.

The two former quarterbacks combined for 58 points with Thayer sizzling the nets for 32 and Potts added 26.

The Chester five led 36-34 at halftime but fell behind at the end of the third quarter 61-51. Frank Kenney was equally as accurate for Chester in a losing cause by garnering 32 points.

George Bright's made a vain attempt to catch Bloor's before bowing last night. Trailing 33-26 at halftime, Bright's tied the game at 42-42 after three periods but lost it in the final period.

Willie Cook's 15 points paced Bloor's while Don Creas and Milt (the Stilt) Martin added 11 each. Bevo Francis led Bright's with 20 points while Roger Linville contributed 15 and Jim (Alex) Cunningham came out of retirement to tally 14 markers.

## Wintersville Gets Scare Before JU Falls, 61-54

STEUBENVILLE — Coach Bob Alpino's Jefferson Union team, which came into the Sectional Class AA tournament with 18 straight defeats, led for over three quarters before bowing to Wintersville, 61-54, here Monday night.

JU had jumped out to a 23-13 first quarter lead and maintained that margin with a 35-25 gap at halftime. The Yellowjackets continued the lead 45-37 at the end of the third period but tumbled in the final eight minutes.

Jim Torrance paced Wintersville with 20 points while Jerry Yoakam, one of the leading scorers in the valley was held to 17. High for JU was Jack Tarr who dropped in 17.

# All Seems Well In Kansas City; Finley Set To Sign 4-Year Pact

By JIM VALKENBURG
Associated Press Sports Writer

KANSAS CITY (AP)—Charles O. Finley says he's ready to sign a four-year stadium lease for his Athletics Wednesday, city officials pledge their support to the club and Councilman John Maguire wants to end his feud with Finley.

This would appear to lift the clouds from the troubled A's franchise, coming on the heels of an American League vote authorizing a meeting to consider ousting Finley from the league.

Pat Friday, A's general manager, reported a flood of telephone inquiries about season tickets Monday after Finley's acceptance Sunday night. Friday said an extensive sales drive is being organized.

But reservations were expressed in some quarters.

Kenneth Krakauer, president of the Chamber of Commerce, said the city is entitled to assurances from Finley that he won't try to break the lease in the future by suing the league. Krakauer indicated he wouldn't turn loose the chamber's team of 400 ticket sellers until Finley gives assurance no law suit will be filed.

Asked about Krakauer's views, Finley told The Associated Press from his Chicago insurance office:

"I want to play ball, Joe Cronin (American League president) wants to play ball, the city wants to play ball, so let's get going.

"The acceptance telegram speaks for itself. If anyone wishes to attack or criticize the proposal extended to us by Kansas City and which we have accepted, I just don't understand their thinking and have no comment."

After the first American League meeting Jan. 16 rejecting his bid to move to Louisville, Finley said he would take his case to court. He made no such threat after the AL meeting last Friday, but a reliable source told The Associated Press that Finley's attorney, Louis Nizer, had advised the owner to accept a lease the league had termed reasonable, then sue the league on grounds he was forced to accept a lease he didn't want.

The league, however, has given the city's position the strongest possible support and city officials had no choice but to agree to their four-year proposal and to pledge their support.

## Hutch Glad To Be Around For '64 Spring Training

By JIM SELMAN
Assistant Sports Editor
The Tampa Tribune

ANNA MARIA, Fla. (AP) — The Big Bear laughed. Yes, spring training is something special for him this year.

Fred Hutchinson, manager of the Cincinnati, Reds, is "just glad to be around."

Hutchinson, 44, has just returned to his Anna Maria home from Seattle where he fought and very likely won a battle with cancer.

When his Reds open spring practice in Tampa Sunday, Hutch will be there.

At casual glance, it will be like it always has been with Hutch.

But there's something different.

"I'm anxious to get there," he said. "I'm just glad to be around."

The voice was distinctly Hutchinson's as you know it, except maybe it was slightly more hoarse than usual. Hutch laughed about that, too. He has to take it easy now, he said.

Hutchinson first observed discomfort in his chest area in December. He thought, then, it might have been nerves resulting from the National League race.

Examination showed it was cancer.

What did you think when you're told you have cancer?

"When they tell you, you say, well, what is it, I've got it," he said.

Then with typical Hutchinson courage, he added:

"I've never felt that I couldn't get over it."

"I'm fine. The only thing I have to do is be careful what I do. I can't overdo things. The next two or three months are very important to me. I can't fatigue myself. I can't upset myself."

Doctors at Seattle are optimistic, though success of the treatments has not been determined.

Hutchinson will have periodic checkups. X-Rays will be made in Tampa in March and sent to Seattle for study.

Hutchinson may have to lean more heavily on his coaches, but he says they do "the majority of the work anyway."

## Kentucky Blows Conference Tilt

By BOB GREEN
Associated Press Sports Writer

When Kentucky was—apparently—on the eve of winning its way into the NCAA basketball tourney, Adolph Rupp was asked to compare the team with some of his other squads, notably national champions.

"I won't. I can't," said the Man in the Brown Suit with a wisdom born of more than three decades coaching college basketball. "They haven't won any titles yet."

He was prophetic. Monday, with a chance to secure the Southeastern Conference title and the accompanying NCAA berth, the Wildcats, the nation's second-ranked college team, blew one to upstart Alabama 65-59. Now it will go down to the last day of the SEC regular season.

But mighty UCLA, all alone at the top of the heap, rolled right along as the only major unbeaten team. The Bruins hurtled over Washington 78-64 at Seattle, clinched the Big Six title, became the 12th entrant in the 25-team NCAA field and extended its record to 23-0.

Of the other tourney teams in action Monday, all NCAA at-large choices, only Seattle stumbled, 98-85 before Montana State. Defending champion Chicago Loyola, ranked No. 10, whipped St. Louis 79-66, Texas Western blasted New Mexico State 90-54 and Utah State romped over Montana 103-81.

In another major game, Colorado stayed alive in the Big Eight title chase with a 56-54 edge over Oklahoma State.

## 1st Place UCLA Ends Undefeated

By The Associated Press

Rolling merrily to its first undefeated season in history, UCLA maintained its grip on first place for the eighth straight week today in The Associated Press major college basketball poll.

The Bruins grabbed a near-monopoly on first-place votes in the latest poll, being named at the top on 38 of the 42 ballots cast. Their total points—416—placed them well ahead of second-ranked Kentucky, which switched places with Michigan, No. 3 this week.

The voting was based on games through last Saturday.

UCLA's vote-getting power was based on 22 games won. The Bruins were named second on the other four ballots, marking the first time they have been given all first and second-place votes.

Kentucky leap-frogged over Michigan, which lost its third game in 21 last week. The Wildcats had 358 points, the Wolverines 332.

Kentucky received two first first place votes and Michigan one. Oregon State, ranked sixth, was given the other one.

Duke held fourth place despite its loss last week to Wake Forest. Wichita moved up a spot to fifth, displacing Villanova, whose defeat by St. Joseph's sent the Wildcats reeling to eighth. Davidson also rose one notch to seventh.

DePaul maintained its ninth position, but Drake, beaten by Cincinnati, fell from the Top Ten altogether. Loyola of Chicago, No. 1 early in the season, returned to the select list as Drake's replacement in 10th.

The Top Ten, with first place votes in parentheses and points on a 10-9-8-7-6-5-4-3-2-1 basis:

| | | |
|---|---|---|
| 1. | UCLA (38) | 416 |
| 2. | Kentucky (2) | 356 |
| 3. | Michigan (1) | 332 |
| 4. | Duke | 158 |
| 5. | Wichita | 225 |
| 6. | Oregon State (1) | 195 |
| 7. | Davidson | 136 |
| 8. | Villanova | 124 |
| 9. | DePaul | 95 |
| 10. | Chicago Loyola | 40 |

## Cooper Pounds London To Gain European Crown

MANCHESTER, England (AP)—Henry Cooper, a 29-year-old Briton, today reigned as British, British Empire and European heavyweight champion and immediately let it be known he wanted no part of Sonny Liston.

Cassius Clay, perhaps, or even Floyd Patterson. But Liston? No thankee very much, says Our 'Enery.

Liston defends his world heavyweight crown against Clay in Miami tonight.

Cooper added the vacant European title to his British crowns by outpointing Brian London over 15 rounds Monday night. Cooper jabbed, hooked and cutaway with his left to take the victory. Neither Cooper nor London achieved a knockdown, but both suffered eye cuts.

Cooper's manager, Jim Wicks, said: "If Clay wins his fight against Liston then we'll challenge for the title. If Liston wins then we want no part of him.

"If we don't fight Clay then we'll maybe fight Patterson in Sweden." Patterson is the former world champion who was twice demolished by Liston.

Cooper has now held the British title for five years.

## Local Motor Club Agent For Boat Registrations

The Columbiana County Motor Club, 213 E. 4th St., is one of three registration agents in Columbiana County for new or renewal registrations for boats and outboard motors for 1964, according to the Ohio Division of Watercraft at Columbus.

The other agents are the Division of Parks and Recreation office at Guilford Lake near Lisbon and Charlie's Boats & Motors, 794 Benton Rd., Salem.

Boaters are reminded that in order to secure a registration for a new boat or outboard motor, it is necessary that proof of ownership be presented to the registration agent such as a receipted sales invoice, notarized affidavit of ownership or a Certificate of Title.

For a renewal of transfer registration the former registration must be presented. If this registration has been lost, a duplicate may be obtained from the Ohio Division of Watercraft, 1800 West Fifth Avenue, Columbus, 43212. A service charge of 25 cents for each duplicate is required.

If the boat number which appears on the 1964 registration differs from that which appears on the boat, the Ohio Division of Watercraft should be notified immediately.

## 6th Grade Play Opens Tonight At Wellsville

Action will get underway tonight at 6:30 at the MacDonald gymnasium in the annual Sixth Grade League basketball tournament of the Wellsville school district.

The Lions will meet the Falcons in Game 1; Tigers vs. the Flyers in Game 2, and the Raiders clash with the Celtics in Game 3.

The semi-finals will be held Wednesday at 4:15, and the finals Friday night at 7.

The tourney is sponsored by the Athletic Association, and Don Lowe, faculty manager at the high school, said the public is asked to attend and admission is free.

## Klembara's 21 Paces Beavers In Tourney

Dennis Klembara dropped in 21 points to pace Beaver Local to a 70-26 victory over Salem St. Paul's Monday in the 8th Grade tournament at Salem.

The victory will send the young Beavers against Westgate today at 5 p. m.

## Sandusky Will Vote On 'Fast Time' Issue

SANDUSKY, Ohio (AP)—Sandusky voters will get another chance to settle the controversial daylight savings time issue.

City commissioners voted unanimously Monday night to put the issue on the ballot for the May 5 primary. The voters have defeated the "fast time" proposal three times in recent years.

## Wellsville Jaycee Basketball Tourney Set March 23-28

The dates for the annual basketball tournament were set at a meeting of the Wellsville Jaycees Monday night at the Jaycee Hall.

It will be March 23-28 at the Beacom Memorial gym.

Tom Reed resigned as tournament director. Dave Orr and Jack Call were named co-directors.

Ed Todd is heading the committee soliciting advertising for the programs.

Any team interested in entering may contact Orr, 500½ 15th St., at LE. 2-3122 or Call, 1150 Riverside Ave., at LE. 2-3155.

Orr, a vice president, gave the invocation and conducted business. He reported on the Junior Miss pageant at Dayton.

Todd reported the attendance at the Wednesday night recreation program has increased considerably.

Walter Henthorne, membership chairman, conducted an induction ceremony for Norman Bell, 1769 Maple Ave.

Dick Kevan, president, conducted new business. Call was named chairman of a committee to construct pingpong tables for the hall.

Henthorne was named chairman of a beautification committee to work with other civic organizations interested in beautifying Little Yellow Creek for boating facilities.

Joe DaLonzo and Call will serve with him. DaLonzo will investigate construction of flower boxes for business places along Main St.

Call was named chairman of the scholastic awards committee.

## 800 Tickets On Sale For Midland Game

William Walters, Midland High School principal, said that some 800 general admission tickets for the first Midland tournament game, Monday, will be on sale, Wednesday from 7 to 8 p. m., at the new gym.

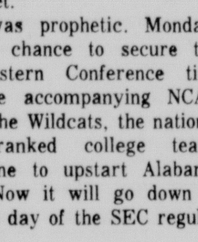

He said that there will be no limit as to the number of tickets that a person may buy, and that no reserved seat tickets remain.

# All Seems Well In Kansas City; Finley Set To Sign 4-Year Pact

By JIM VALKENBURG
Associated Press Sports Writer

KANSAS CITY (AP)—Charles O. Finley says he's ready to sign a four-year stadium lease for his Athletics Wednesday, city officials pledge their support to the club and Councilman John Maguire wants to end his feud with Finley.

This would appear to lift the clouds from the troubled A's franchise, coming on the heels of an American League vote authorizing a meeting to consider ousting Finley from the league.

Pat Friday, A's general manager, reported a flood of telephone inquiries about season tickets Monday after Finley's acceptance Sunday night. Friday said an extensive sales drive is being organized.

But reservations were expressed in some quarters.

Kenneth Krakauer, president of the Chamber of Commerce, said the city is entitled to assurances from Finley that he won't try to break the lease in the future by suing the league. Krakauer indicated he wouldn't turn loose the chamber's team of 400 ticket sellers until Finley gives assurance no law suit will be filed.

Asked about Krakauer's views, Finley told The Associated Press from his Chicago insurance office:

"I want to play ball, Joe Cronin (American League president) wants to play ball, the city wants to play ball, so let's get going.

"The acceptance telegram speaks for itself. If anyone wishes to attack or criticize the proposal extended to us by Kansas City and which we have accepted, I just don't understand their thinking and have no comment."

After the first American League meeting Jan. 16 rejecting his bid to move to Louisville, Finley said he would take his case to court. He made no such threat after the AL meeting last Friday, but a reliable source told The Associated Press that Finley's attorney, Louis Nizer, had advised the owner to accept a lease the league had termed reasonable, then sue the league on grounds he was forced to accept a lease he didn't want.

The league, however, has given the city's position the strongest possible support and city officials had no choice but to agree to their four-year proposal and to pledge their support.

# Hutch Glad To Be Around For '64 Spring Training

By JIM SELMAN
Assistant Sports Editor
The Tampa Tribune

ANNA MARIA, Fla. (AP) — The Big Bear laughed. Yes, spring training is something special for him this year.

Fred Hutchinson, manager of the Cincinnati, Reds, is "just glad to be around."

Hutchinson, 44, has just returned to his Anna Maria home from Seattle where he fought and very likely won a battle with cancer.

When his Reds open spring practice in Tampa Sunday, Hutch will be there.

At casual glance, it will be like it always has been with Hutch.

But there's something different.

"I'm anxious to get there," he said. "I'm just glad to be around."

The voice was distinctly Hutchinson's as you know it, except maybe it was slightly more hoarse than usual. Hutch laughed about that, too. He has to take it easy now, he said.

Hutchinson first observed discomfort in his chest area in December. He thought, then, it might have been nerves resulting from the National League race.

Examination showed it was cancer.

What did you think when you're told you have cancer?

"When they tell you, you say, well, what is it, I've got it," he said.

Then with typical Hutchinson courage, he added:

"I've never felt that I couldn't get over it."

"I'm fine. The only thing I have to do is be careful what I do. I can't overdo things. The next two or three months are very important to me. I can't fatigue myself. I can't upset myself."

Doctors at Seattle are optimistic, though success of the treatments has not been determined.

Hutchinson will have periodic checkups. X-Rays will be made in Tampa in March and sent to Seattle for study.

Hutchinson may have to lean more heavily on his coaches, but he says they do "the majority of the work anyway."

# Wellsville Jaycee Basketball Tourney Set March 23-28

The dates for the annual basketball tournament were set at a meeting of the Wellsville Jaycees Monday night at the Jaycee Hall.

It will be March 23-28 at the Beacom Memorial gym.

Tom Reed resigned as tournament director. Dave Orr and Jack Call were named co-directors.

Ed Todd is heading the committee soliciting advertising for the programs.

Any team interested in entering may contact Orr, 500½ 15th St., at LE. 2-3122 or Call, 1150 Riverside Ave., at LE. 2-3155.

Orr, a vice president, gave the invocation and conducted business. He reported on the Junior Miss pageant at Dayton.

Todd reported the attendance at the Wednesday night recreation program has increased considerably.

Walter Henthorne, membership chairman, conducted an induction ceremony for Norman Bell, 1769 Maple Ave.

Dick Kevan, president, conducted new business. Call was named chairman of a committee to construct pingpong tables for the hall.

Henthorne was named chairman of a beautification committee to work with other civic organizations interested in beautifying Little Yellow Creek for boating facilities.

Joe DaLonzo and Call will serve with him. DaLonzo will investigate construction of flower boxes for business places along Main St.

Call was named chairman of the scholastic awards committee.

## Favorable Testimony Fails To Cut Sentence

CINCINNATI (AP) — Favorable testimony from several character witnesses has failed to save James McMichael, 45, from a 1-20 - year penitentiary term.

McMichael pleaded guilty in Common Pleas Court Monday to a charge of first-degree manslaughter in the Aug. 13 shooting of Rollins Tate, 50, during a quarrel over a woman.

Parole Study Proposed

# Varied Reaction Greets Suggestion On Sheppard

COLUMBUS, Ohio (AP)—The suggestion by the Cuyahoga County coroner who helped convict Samuel H. Sheppard of murder in 1954 that the former osteopath be given parole consideration this year has brought various reactions from pro-Sheppard people.

The comment ranged from "wonderful" by the German woman who expects to marry Sheppard to "fine" by Sam's brother, Dr. Stephen A. Sheppard, to "hogwash" by Sheppard's attorney.

From "Dr. Sam" himself, serving a second-degree murder sentence in the bludgeon slaying of his wife, there was no particular reaction or surprise, according to a deputy warden at Ohio Penitentiary.

The reaction that counts, of course, will be that of the Ohio Pardon and Parole Commission and the governor. But that likely isn't forthcoming for some months.

The coroner, Dr. Samuel R. Gerber, a prominent prosecution witness in the celebrated Cleveland trial, wrote Atty. Gen. William B. Saxbe in effect that he believes Sheppard at 41 has paid his debt to society.

Saxbe, on receiving the letter Monday, said he was forwarding it to the Pardon and Parole Commission at the recommendation of Gov. James A. Rhodes.

Sheppard's sentence is a maximum of life in prison but with eligibility for parole consideration after 10 years. He was held in the Cuyahoga County jail between the July 4, 1954, slaying and his conviction Dec. 21, 1954.

Sheppard entered the penitentiary in July 1955 and has remained there except for a brief period at Marion Correctional Institution. The Marion stay was ended by publicity surrounding his supposed romance with blonde divorcee Ariane Tebbenjohanns of Dusseldorf, West Germany.

With Sheppard's "good" time for voluntarily teaching other inmates and taking part as a subject in anticancer experiments, it has been considered likely a parole interview may come as early as this autumn.

Gerber wrote Saxbe that "I feel that justice will have been served by his conviction and his incarceration in jail and the penitentiary for a period of approximately 10 years."

The coroner said the prisoner has "an acceptable record of behavior during his confinement."

"In view of this record," he said, "no one could have an honest basis for criticizing Gov. Rhodes if he should parole Sam Sheppard at this time if the parole board should so recommend."

Ohio Correction Commissioner Maury C. Koblentz said Sheppard has deported himself excellently since he returned to the penitentiary in Columbus a year ago from Marion.

Sheppard steadfastly has maintained the slaying of his pregnant wife, Marilyn, was the work of a bushy-haired intruder who struggled with the doctor and knocked him out. He told the deputy warden Monday he was glad to hear that Dr. Gerber felt he should be released although he always insisted he should not be in prison in the first place.

F. Lee Bailey of Boston, an attorney who has represented Sheppard in the most recent of countless maneuvers seeking to overturn the conviction, made the "hogwash" remark in New York.

Bailey said, "Mr. Gerber has so violently opposed any consideration of Sam Sheppard that I doubt his sincerity." He said Gerber's suggestion comes "9½ years too late."

In Cleveland, Dr. Stephen Sheppard said, "This is encouraging and certainly is good news." He said if Sam is paroled, he would decide on his own whether any more legal efforts will be made to prove his innocence.

"He has indicated to me," Stephen said, "that he's only interested in getting out of prison for a crime he didn't commit."

Mrs. Tebbenjohanns, living in Rocky River near Cleveland, said, "I don't care how he gets out as long as he does. I'm still waiting for him."

## People In News

NEW YORK (AP) — Texas Gov. John Connally says reports of his political differences with President Johnson are "grossly exaggerated."

Connally made the remark Monday to newsmen in New York, where he will dedicate the Texas Pavilion at the World's Fair Wednesday.

There have been reports that Connally was unhappy because Johnson had dissuaded a congressman from running against Sen. Ralph Yarborough, D-Tex.

SOUTH BEND, Ind. (AP) — Marine Lt. Col. John H. Glenn Jr. has been cited by the University of Notre Dame senior class as "one of the intrepid voyagers of the ages."

Glenn, first American to orbit the earth and now a candidate for Ohio's Democratic nomination for U.S. senator, received the class's 11th annual Patriotism Award Monday night.

---

PARIS (AP)—France and the United States are fundamentally agreed on policy, and this country will always stand with the United States in any crisis, says French Premier Georges Pompidou.

Pompidou spoke Monday night at a delayed Washington's birthday dinner of the American Club of Paris.

---

LOS ANGELES (AP) — Rep. James Roosevelt, D-Calif., will seek re-election to the House of Representatives, rather than run for the Senate.

Announcing this at a news conference Monday, he said he will support the senatorial aspirations of State Controller Alan Cranston.

## ANNOUNCEMENTS

### 2 IN MEMORIAM

In memory of Thomas H. Smith.
Strange but it has been one short year
And yet for me it will have no peer
For I have lost so much that I have held so dear
I remember when I was a lad
And his face would beam when I said "grandad"
My middle name was a heritage he left me and no other
And now he sleeps between grandma and my mother
He is missed by some but not nearly
As much as by this grandson.
R. Thomas Enochs

IN memory of Rev. W. F. Grafton.
A place is vacant in our home,
A voice we loved is stilled.
Although the body slumbers here,
The soul is safe in Heaven.
Sadly missed by his wife and children.

# Varied Reaction Greets Suggestion On Sheppard

COLUMBUS, Ohio (AP)—The suggestion by the Cuyahoga County coroner who helped convict Samuel H. Sheppard of murder in 1954 that the former osteopath be given parole consideration this year has brought various reactions from pro-Sheppard people.

The comment ranged from "wonderful" by the German woman who expects to marry Sheppard to "fine" by Sam's brother, Dr. Stephen A. Sheppard, to "hogwash" by Sheppard's attorney.

From "Dr. Sam" himself, serving a second-degree murder sentence in the bludgeon slaying of his wife, there was no particular reaction or surprise, according to a deputy warden at Ohio Penitentiary.

The reaction that counts, of course, will be that of the Ohio Pardon and Parole Commission and the governor. But that likely isn't forthcoming for some months.

The coroner, Dr. Samuel R. Gerber, a prominent prosecution witness in the celebrated Cleveland trial, wrote Atty. Gen. William B. Saxbe in effect that he believes Sheppard at 41 has paid his debt to society.

Saxbe, on receiving the letter Monday, said he was forwarding it to the Pardon and Parole Commission at the recommendation of Gov. James A. Rhodes.

Sheppard's sentence is a maximum of life in prison but with eligibility for parole consideration after 10 years. He was held in the Cuyahoga County jail between the July 4, 1954, slaying and his conviction Dec. 21, 1954.

Sheppard entered the penitentiary in July 1955 and has remained there except for a brief period at Marion Correctional Institution. The Marion stay was ended by publicity surrounding his supposed romance with blonde divorcee Ariane Tebbenjohanns of Dusseldorf, West Germany.

With Sheppard's "good" time for voluntarily teaching other inmates and taking part as a subject in anticancer experiments, it has been considered likely a parole interview may come as early as this autumn.

Gerber wrote Saxbe that "I feel that justice will have been served by his conviction and his incarceration in jail and the penitentiary for a period of approximately 10 years."

The coroner said the prisoner has "an acceptable record of behavior during his confinement."

"In view of this record," he said, "no one could have an honest basis for criticizing Gov. Rhodes if he should parole Sam Sheppard at this time if the parole board should so recommend."

Ohio Correction Commissioner Maury C. Koblentz said Sheppard has deported himself excellently since he returned to the penitentiary in Columbus a year ago from Marion.

Sheppard steadfastly has maintained the slaying of his pregnant wife, Marilyn, was the work of a bushy-haired intruder who struggled with the doctor and knocked him out. He told the deputy warden Monday he was glad to hear that Dr. Gerber felt he should be released although he always insisted he should not be in prison in the first place.

F. Lee Bailey of Boston, an attorney who has represented Sheppard in the most recent of countless maneuvers seeking to overturn the conviction, made the "hogwash" remark in New York.

Bailey said, "Mr. Gerber has so violently opposed any consideration of Sam Sheppard that I doubt his sincerity." He said Gerber's suggestion comes "9½ years too late."

In Cleveland, Dr. Stephen Sheppard said, "This is encouraging and certainly is good news." He said if Sam is paroled, he would decide on his own whether any more legal efforts will be made to prove his innocence.

"He has indicated to me," Stephen said, "that he's only interested in getting out of prison for a crime he didn't commit."

Mrs. Tebbenjohanns, living in Rocky River near Cleveland, said, "I don't care how he gets out as long as he does. I'm still waiting for him."

## People In News

NEW YORK (AP) — Texas Gov. John Connally says reports of his political differences with President Johnson are "grossly exaggerated."

Connally made the remark Monday to newsmen in New York, where he will dedicate the Texas Pavilion at the World's Fair Wednesday.

There have been reports that Connally was unhappy because Johnson had dissuaded a congressman from running against Sen. Ralph Yarborough, D-Tex.

SOUTH BEND, Ind. (AP) — Marine Lt. Col. John H. Glenn Jr. has been cited by the University of Notre Dame senior class as "one of the intrepid voyagers of the ages."

Glenn, first American to orbit the earth and now a candidate for Ohio's Democratic nomination for U.S. senator, received the class's 11th annual Patriotism Award Monday night.

---

PARIS (AP)—France and the United States are fundamentally agreed on policy, and this country will always stand with the United States in any crisis, says French Premier Georges Pompidou.

Pompidou spoke Monday night at a delayed Washington's birthday dinner of the American Club of Paris.

---

LOS ANGELES (AP) — Rep. James Roosevelt, D-Calif., will seek re-election to the House of Representatives, rather than run for the Senate.

Announcing this at a news conference Monday, he said he will support the senatorial aspirations of State Controller Alan Cranston.

---

STOCKHOLM, Sweden (AP) —Quote of the day: "First I am going to visit a Cairo nightclub, than I will take a ride on a camel and finally I will visit the pyramids" — Gustaf Larsson, 100 years old, who left Sweden Monday for an Egyptian holiday; the first time he ever has been out of his native province.

## ANNOUNCEMENTS

### 2 IN MEMORIAM

In memory of Thomas H. Smith.
Strange but it has been one short year
And yet for me it will have no peer
For I have lost so much that I have held so dear
I remember when I was a lad
And his face would beam when I said "grandad"
My middle name was a heritage he left me and no other
And now he sleeps between grandma and my mother
He is missed by some but not nearly
As much as by this grandson.
R. Thomas Enochs

IN memory of Rev. W. F. Grafton.
A place is vacant in our home,
A voice we loved is stilled.
Although the body slumbers here,
The soul is safe in Heaven.
Sadly missed by his wife and children.
Lulu Grafton

Junior Editors Quiz on HISTORY

*QUESTION: Why is the Boston Tea Party so famous?*

★ ★ ★

**ANSWER:** The British decision, in 1763, to maintain a standing army in the American colonies and support it by taxing the American people, was the first great cause of American resentment which later led to the Revolutionary War. Others were an attempt to prevent Americans from settling west of the Appallachian Mountains, laws to restrict American trade and the fiercely resented Stamp Act to raise taxes. In 1767, Parliament tried to force Americans to pay taxes or "duties" on tea and other commodities imported from England. This made the colonists so furious that Parliament repealed the duties, except for the one on tea.

In 1773, the Tea Act was passed. While this did not raise the existing tea tax, it drew attention to it and gave the English East India Company a monoply on the tea trade, bringing great hardship to the colonial merchants. So, when three ships loaded with tea entered Boston Harbor Dec. 16, 1773, a group of patriots disguised as Indians (including Paul Revere) went aboard, broke the tea cases open and tossed them over the side. This incident helped to bring on the war.

★ ★ ★

**FOR YOU TO DO:** As the picture shows, Paul Revere was a fine silversmith as well as a patriot. But he is famous in American history for something else. Find out what it was
